BASE PROSPECTUS

RCI BANQUE

(incorporated in France as a "société anonyme")

€23,000,000,000

Euro Medium Term Note Programme

Under this €23,000,000,000 Euro Medium Term Note Programme (the "**Programme**") RCI Banque (the "**Issuer**" or "**RCI Banque**") may from time to time issue Euro Medium Term Notes (the "**Notes**", which expression shall include Senior Preferred Notes and Senior Non Preferred Notes (each as defined below)).

Subject to all applicable laws and regulations, the Notes will not be subject to any minimum or maximum maturity. The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €23,000,000,000 (or its equivalent in other currencies calculated as described herein) or such greater amount as is agreed between the parties to the programme agreement dated 10 November 2021 (the "**Programme Agreement**" which expression includes the same as it may be updated or supplemented from time to time).

The Notes will be issued to one or more of the Dealers specified herein and any additional Dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**") which appointment may be for a specific issue or on a continuing basis. References in this Base Prospectus to the "**relevant Dealer**" shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

This Base Prospectus (together with any supplements thereto) constitutes a base prospectus (*prospectus de base*) for the purposes of Article 8 of Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**"). This Base Prospectus has been approved by the *Autorité des marchés financiers* (the "**AMF**") in France as competent authority under the EU Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are the subject of this Base Prospectus. The Base Prospectus received the AMF approval no. 21-486 on 10 November 2021.

Application may be made (i) to Euronext Paris during the period of 12 months from the date of the approval of this Base Prospectus for Notes issued under the Programme to be admitted to trading and/or (ii) to the competent authority of any other Member State of the European Economic Area ("**EEA**") for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market (a "**Regulated Market**") for the purposes of Directive 2014/65/EU on markets in financial instruments, as amended ("**EU MiFID II**"). However, Notes may be issued pursuant to the Programme which are not listed and admitted to trading on a Regulated Market. The relevant final terms in respect of the issue of any Notes (the "**Final Terms**"), a form of which is contained herein, will specify whether or not such Notes will be listed and admitted to trading, and, if so, the relevant Regulated Market in the EEA.

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes – Form, Denomination and Title") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking, S.A. ("**Clearstream**") or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1 (*Form*),

Denomination and Title), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the fortieth day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Notes" below) upon certification as to non U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined below) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined above).

The Issuer may agree with any Dealer and the Agent (as defined below) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplement to the Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Issuer is, as of the date of this Base Prospectus, rated Baa2 (negative outlook) by Moody's France SAS ("**Moody's**") and BBB- (stable outlook) by S&P Global Ratings Europe Limited ("**S&P**"). The Programme is, as of the date of this Base Prospectus, rated Baa2 in respect of Senior Preferred Notes with a maturity of more than one year and Prime-2 in respect of Senior Preferred Notes with a maturity of one year or less by Moody's and BBB- in respect of Senior Preferred Notes with a maturity of more than one year and A-3 in respect of Senior Preferred Notes with a maturity of one year or less by S&P. Senior Non Preferred Notes will be rated on a Series by Series basis, if at all.

Credit ratings included or referred to in this Base Prospectus have been issued by Moody's and S&P, each of which is established in the European Union and registered under Regulation (EU) No 1060/2009 (as amended) (the "**EU CRA Regulation**"). As of the date of this Base Prospectus, Moody's and S&P are displayed on the list of registered credit rating agencies on the ESMA website (<http://www.esma.europa.eu/page/Listregistered-and-certified-CRAs>). Neither Moody's nor S&P are established in the United Kingdom (the "**UK**"), or registered in accordance with Regulation (EU) No 1060/2009 as it forms part of domestic law of the UK by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**"). The ratings have been endorsed by Moody's Investors Service Limited and S&P Global Ratings UK Limited, respectively, in accordance with the UK CRA Regulation and have not withdrawn. As such, the ratings issued by each of Moody's and S&P may be used for regulatory purposes in the UK in accordance with the UK CRA Regulation.

Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme and, whether or not a rating in relation to any Notes will be treated as having been (1) issued or endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or certified under the UK CRA Regulation, will be disclosed in the relevant Final Terms.

The ratings may not reflect the potential impact of all risks set out in this Base Prospectus (see *Risk Factors* below), or other factors that may affect the value of the Notes. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

In the case of any Notes which are to be admitted to trading on a Regulated Market, or offered to the public, within the EEA in circumstances which require the publication of a prospectus under the EU Prospectus Regulation, the minimum denomination shall be €1,000 (or its equivalent in any other currency as at the date of issue of the Notes).

EU MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled "EU MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines on EU MiFID II product governance requirements published by ESMA on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration such determination; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made by all relevant Dealers in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**EU MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines on EU MiFID II product governance requirements published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "*Brexit our approach to EU non-legislative materials*"), and which channels for distribution of the Notes are appropriate. Any distributor (as defined above) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to retail investors in the EEA may be unlawful under the EU PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of

domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under the UK PRIIPs Regulation.

Dematerialised Notes are issued, at the option of the Issuer, either (i) in bearer dematerialised form (*au porteur*), which will be inscribed as from the issue date in the books of Euroclear France which shall credit the accounts of Account Holders including Euroclear Bank SA/NV, as operator of the Euroclear System ("**Euroclear**") and the depositary bank for Clearstream Banking, S.A. Materialised Notes will be in bearer materialised form only. A Temporary Global Certificate will be issued initially in respect of each Tranche of Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes with, where applicable, coupons for interest attached on a date expected to be on or after the 40th calendar day after the issue date of the Notes (subject to postponement) upon certification as to non-US beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a

	clearing system, be deposited as agreed between the Issuer and the relevant Dealer. Materialised Notes may only be issued outside France.

Clearing Systems:	Euroclear France as central depository in relation to Dematerialised Notes and, in relation to Materialised Notes, Clearstream and Euroclear or any other clearing system that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer.
Initial Delivery of Dematerialised Notes:	No later than one Paris business day before the issue date of each Tranche of Dematerialised Notes, the <i>lettre comptable</i> relating to such Tranche shall be deposited with Euroclear France as central depository.
Initial Delivery of Materialised Notes:	On or before the issue date for each Tranche of Materialised Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depository for Euroclear and Clearstream or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.
Currencies:	Subject to all applicable laws and rules, the Notes can be issued in any currency as agreed between the Issuer and the relevant Dealer(s) and as indicated in the relevant Final Terms.
Maturities:	Subject to compliance with all relevant laws, regulations and directives, any maturity.
Denomination:	The Notes will be issued in such denomination(s) as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note admitted to trading on a regulated market, or offered to the public, in a Member State of the EEA in circumstances which require the publication of a prospectus under the EU Prospectus Regulation will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant currency specified in the relevant Final Terms. Dematerialised Notes shall be issued in one denomination only.
Fixed Interest Rate Notes:	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.
Floating Rate Notes:	Floating Rate Notes will bear interest at a rate set separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2000 or, as the case may be, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., or the relevant FBF (*Fédération Bancaire Française*) definitions incorporated among others in the *Additifs Techniques* to the FBF Master-Agreement relating to transactions on forward financial instruments, or
- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service or any Replacement Reference Rate,

in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

Fixed/Floating Rate Notes:	Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms. Unless a higher rate is stated in the applicable Final Terms, the minimum rate of interest (which for the avoidance of doubt shall consist of any applicable margin specified in the applicable Final Terms plus the relevant rate of interest) in respect of the Notes shall be deemed to be zero.
Zero Coupon Notes:	Zero coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest other than in the case of late payment.
Interest Periods and Interest Rates:	The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. Unless a higher minimum rate of interest is specified in the relevant Final Terms, the minimum rate of interest (which, for the avoidance of doubt, shall consist of any applicable margin specified in the relevant Final Terms plus the relevant rate of interest) shall be deemed to be equal to zero. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.
Inflation Linked Notes:	Payments of principal and/or interest in respect of Inflation Linked Notes will be calculated by reference to an inflation index ratio derived from either (i) the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the <i>Institut National de la Statistique et des Etudes Economiques</i> or (ii) the harmonized index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat.
Redemption:	The Final Terms issued in respect of each Tranche of Notes will indicate either that the Notes of that Tranche cannot be redeemed prior to their stated maturity (other than in specified instalments (see below) or following an Event of Default), or that such Notes will be redeemable prior to such stated maturity at the option of the Issuer and/or the holders of such Notes upon giving irrevocable

notice to the relevant Noteholders or the Issuer, as the case may be, within the time limits set out in the Final Terms, on a date or dates specified prior to such stated maturity and at a price or prices and on such other terms as may be indicated in the relevant Final Terms.

The relevant Final Terms may provide that the Notes may be redeemed in two or more instalments in such amounts and on such dates as may be indicated in such Final Terms.

Furthermore, the Notes may be redeemable by the Issuer prior to maturity following a Withholding Tax Event, Gross-Up Event or in the event of a MREL Disqualification Event. See Condition 8 (*Redemption and Purchase*).

Unless otherwise permitted by then current laws and regulations, Notes in respect of which the proceeds are to be accepted by the Issuer in the United Kingdom having a maturity of less than one year, shall (a) have a redemption value of not less than £100,000 (or an amount of equivalent value denominated wholly or partly in a currency other than sterling), and (b) provide that no part of any such Note may be transferred unless the redemption value of that part is not less than £100,000 (or such equivalent amount).

Unless otherwise specified in the relevant Final Terms, the Issuer may redeem, in whole or in part, the Notes then outstanding at any time prior to their stated maturity, at their relevant Make-whole Redemption Amount as specified in the relevant Final Terms.

Status of Notes:

1. If the Notes are "**Senior Preferred Notes**", the Notes will be Senior Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional and (subject to the provisions of the negative pledge), unsecured and senior obligations of the Issuer and rank and will at all times rank:

- (A) pari passu, without any preference or priority by reason of date of issue, currency of payment or otherwise, among themselves and, subject to such exceptions as are from time to time mandatory under the laws of France, with all other Senior Preferred Obligations;
- (B) senior to Senior Non Preferred Obligations; and
- (C) junior to present and future claims benefiting from other preferred exceptions.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable ou liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Preferred Notes rank:

- (A) junior to present and future claims benefiting from other preferred exceptions; and
- (B) senior to Senior Non Preferred Obligations.

2. If the Notes are "**Senior Non Preferred Notes**", the Notes will be Senior Non Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional and unsecured and senior obligations of the Issuer and rank and will at all times rank:

- (A) *pari passu*, without any preference or priority by reason of date of issue, currency of payment or otherwise, among themselves and, subject to such exceptions as are from time to time mandatory under the laws of France, with all other Senior Non Preferred Obligations;
- (B) senior to Ordinarily Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations; and
- (C) junior to present and future claims benefiting from preferred exceptions including Senior Preferred Obligations.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable ou liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Non Preferred Notes rank:

- (A) junior to Senior Preferred Obligations; and
- (B) senior to Ordinarily Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations.

"Ordinarily Subordinated Obligations" means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves, and constitute direct, unconditional, unsecured and subordinated obligations of the Issuer but in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dit "super subordonnés"*, *i.e engagements subordonnés de dernier rang*).

"Senior Preferred Obligations" means any senior obligations (including the Senior Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in article L. 613-30-3-I-3°. of the French *Code monétaire et financier*.

"Senior Non Preferred Obligations" means any senior (*chirographaires*) obligations (including the Senior Non Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in articles L. 613-30-3-I- 4° and R. 613-28 of the French *Code monétaire et financier*.

RISK FACTORS

Factors which the Issuer believes are specific to it and/or the Notes and material for an informed investment decision with respect to investing in the Notes issued under the Programme are described below. In each category below the Issuer sets out the most material risks (in descending order of importance), in its assessment, taking into account the negative impact (including any relevant mitigation measures) of such risks on the Issuer and the probability of their occurrence ("Global Criticality"). Each risk factor relating to the Issuer is followed by the Issuer's assessment of whether such Global Criticality can be assessed as high, medium or low.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Any reference below to a Condition is a reference to the correspondingly numbered condition in the Terms and Conditions of the Notes. Words and expressions defined in the other sections of this Base Prospectus shall have the same meaning in this section.

Risks relating to the Issuer

A. Business development risk (including strategic and concentration risk)

The Issuer's operating results and financial condition are dependent on the Issuer's corporate strategies and the sales of Renault-Nissan Alliance branded vehicles. (Global Criticality: High)

As a wholly-owned finance subsidiary of Renault serving the Renault-Nissan Alliance, the Issuer's predominant business activity consists of financing vehicle sales of Renault-Nissan Alliance branded vehicles, which accounts for a substantial majority of its net banking income. While the Issuer's commercial integration with Renault provides it with significant advantages, it is possible that the interests of Renault will differ from the Issuer's interests and those of Noteholders.

Due to the Issuer's intricate strategic, commercial and financial links to the Renault Group and to the fact that the Issuer's business is concentrated within the Renault-Nissan Alliance, any reduction or suspension of production or sale of vehicles in the Renault Group due to a decrease in the actual or perceived quality, safety or reliability of vehicles, disruption to third-party supplies, significant changes to marketing programs or strategies or negative publicity, could have a significant negative impact on the level of the Issuer's financing volume and on the Issuer's financial condition and results of operations. In addition, the demand for Renault-Nissan Alliance vehicles may be affected by the following factors:

- diversification and innovation of the Renault-Nissan Alliance's vehicle mix;
- competitiveness of the sales prices of vehicles;
- customer demand levels for new and used vehicle sales and leases, including as a result of the recent global financial crisis and the ensuing economic slowdown;
- customer demand for the financing of their vehicle purchases;
- vehicle production rates; and
- inventory levels maintained by Renault-Nissan Alliance branded dealerships.

Furthermore, the success of the Issuer's strategic plan depends on several levers as the performance of its products and investments or its ability to maintain a high satisfaction of its customers, but also on an appropriate governance around the strategic plan allowing the adherence of the issuer's staff.

B. Financial risk

A disruption in the Issuer's funding sources and access to the capital markets would have an adverse effect on the liquidity position of the Issuer (Global Criticality: High)

The Issuer finances its activities through long-term debt issues, bank loans, commercial paper issues, securitisation of receivables and deposit taking activities and it is therefore dependent on reliable access to financial resources. Due to the Issuer's funding needs, it is exposed to liquidity risk in the event of market closure or tensions over credit availability. Liquidity risk is the risk that the Issuer will have insufficient liquidity to repay debts when they fall due or to fund new asset growth through customer and dealer financings. The Issuer's liquidity could be materially adversely affected by factors it cannot control, such as general market disruptions, the perception in the market that it is experiencing greater liquidity risk or speculative pressures on the debt market. If the Issuer's financing requirements increase or if the Issuer cannot access new sources of funds, insufficient liquidity would be particularly harmful to its competitive position, its operating results and its financial condition. This would also have a negative impact on the Issuer's ability to support the sale of vehicles in the Renault Group and to provide wholesale financing to dealers in the Renault Group, which could have significantly impair the ability of the Renault Group to sell vehicles.

The average Liquidity Coverage Ratio (LCR) over the 12-month period ending on 30 June 2021 was 566% compared to the minimum LCR of 100% that is required by regulation.

The Issuer's operating results may be adversely affected by changes in market interest rates or rates offered to customer deposits. (Global Criticality: Medium)

Interest rate risk is the risk that changes in market interest rates or prices would negatively affect the Issuer's income and capital. The Issuer's customer loans are generally issued at fixed interest rates, for durations of between one to seventy-two months while dealer credit is issued at fixed rates for durations of less than twelve months. The Issuer's interest rate exposure is assessed daily by measuring sensitivity for each currency, management entity and asset portfolio and cash flow hedging is systematic, using swaps to convert floating-rate liabilities to fixed rate liabilities.

The Issuer calculates interest rate sensitivity historically by applying a hypothetical 100 basis point increase based on monthly asset-liability gaps. Although the Issuer monitors its interest rate risk using a methodology common to the entire RCI Banque group, risk hedging may not always be appropriate, reflecting the difficulty of adjusting the borrowing structure to match the structure of customer loans. Changes in interest rates cannot always be predicted or hedged, and, if not appropriately predicted or hedged, could adversely affect the Issuer's business, financial condition and operating results.

RCI Banque's overall sensitivity to the interest rate risk remained below the limit set by the RCI Banque group at EUR 70 million.

At 30 June 2021, a hypothetical 100-basis point rise in interest rates would have had the following impact on RCI Banque group's net interest income of:

Currency	Hypothetical impact on net interest income
Euro	-€6.5 million
Pound Sterling	+€5.9 million
Moroccan Dirham	+€1.3 million
Swiss Franc	-€0.6 million

South Korean Won	+€0.4 million
Polish Zloty	+€0.3 million
Brazilian Real	-€0.6 million
Romanian Leu	+€0.1 million
Czech Koruna	+€0.2 million
Argentinian Peso	+€0.1 million

RCI Banque's overall sensitivity to the interest rate risk totaled €6.8 million.

Risk of unfavorable changes in the refinancing costs of the Issuer, in particular, following a deterioration of the RCI rating by the rating agencies. (Global Criticality: Medium)

The Issuer's market access may be affected by the credit ratings of the RCI Banque group and, to a certain extent, of the Renault Group. The Issuer is, as of the date of this Base Prospectus, rated Baa2 (negative outlook) by Moody's France SAS and BBB- (stable outlook) by S&P Global Ratings Europe Limited.

The rating agencies S&P Global Ratings Europe Limited and Moody's France SAS use ratings to classify the solvency of RCI Banque in order to assess whether RCI Banque will be able to repay its obligations in the future.

A deterioration in the Issuer's liquidity position, capital management policies or a material weakening of profitability could quickly lead to a negative impact on its credit rating.

RCI Banque is a wholly-owned subsidiary of Renault and the credit rating of RCI Banque remains dependent on the economic development and the credit rating of Renault. Any negative rating action in respect of the long-term debt of Renault could lead to a similar action in respect of the long-term debt of RCI Banque.

The Issuer is dependent on wholesale funding and access to capital markets. Its ability to obtain funding at competitive rates depends in part on its ability to obtain appropriate credit ratings. A decrease in its credit ratings or in the credit ratings of Renault S.A. or any outlook revisions would likely result in an increase in the Issuer's borrowing costs or could swiftly reduce the Issuer's access to capital markets in the future.

Foreign exchange risk (Global Criticality: Medium)

The Issuer is exposed to the risk of a loss arising from current or future exposure to current and / or refinancing operations in a currency other than the euro or a potential decrease in the value of the Group's equity due to the depreciation of the own funds held in countries outside the euro zone.

Equity investments in currencies other than the euro are usually not hedged (structural foreign exchange risk). This may lead to translation adjustments, which RCI Banque recognises in shareholders' equity.

The transactional foreign exchange risk (FX exposure excluding equity investments) mainly results from multicurrency lending and invoices in foreign currencies.

At 30 June 2021, the RCI Banque group's consolidated transactional foreign exchange position totalled EUR 4.3 million and EUR 5.8 million at 31 December 2020.

C. Product risk

The Issuer may suffer loss further to its customers' (private individuals' and companies') or dealers' default (i.e incapacity to pay credit installments to the Issuer under credit agreement (overdue payment)). (Global Criticality: Medium)

The Issuer is exposed to customer and dealer credit risk if its risk management techniques are insufficient to protect it from payment failure by its counterparties.

Credit risk is the risk of loss arising from the failure of the Issuer's customers or dealers to meet the obligations of any contract signed with the Issuer. The Issuer's credit risk is heavily dependent upon economic factors, including unemployment, business failures, consumer debt service burden, personal income growth, disposable household incomes, dealer profitability and used vehicle prices, and has a significant impact on its business.

The level of credit risk in the Issuer's dealer financing portfolio is influenced by, among other factors, the financial strength of dealers within the Issuer's portfolio, collateral quality and the overall demand for vehicles. The level of credit risk in the Issuer's customer portfolio is affected by general macroeconomic conditions that may affect some of its customers' ability to make their scheduled payments.

The Issuer uses advanced credit-scoring systems and searches of external databases to assess loans made to retail and corporate customers and an internal rating system to assess dealer loans. Although the Issuer constantly adjusts its acceptance policy to take account of market conditions, an increase in credit risk would raise its cost of risk and provisions for credit losses. The Issuer also implements detailed procedures to contact delinquent customers for payment, arranges for the repossession of unpaid vehicles and sells repossessed vehicles. However, there can be no assurance that the Issuer's origination procedures, monitoring of credit risk, payment servicing activities, maintenance of customer account records or repossession policies are or will be sufficient to prevent an adverse effect on its operating results and financial condition.

The increase of credit risk would increase the cost of risk and provisions in credit losses, therefore directly impacting the Issuer's financial results and potentially its internal capital.

The total cost of risk as at 30 June 2021 amounted to 0.16% of average performing assets and as at 31 December 2020 amounted to 0.75%.

At 30 June 2021, customer net assets stood at EUR 38,287 million and dealer net assets stood at EUR 8,107 million.

A decrease in the residual values of the Issuer's leased vehicles could negatively affect its operating results and financial condition. (Global Criticality: Medium)

When leased vehicles are returned to the Issuer at the end of the lease term and the Issuer does not benefit from a buy-back agreement from a third party (usually coming from an automotive dealer or car manufacturer) and/or a customer does not exercise an option to purchase the vehicle at lease termination, the Issuer is exposed to the risk of loss to the extent that sales proceeds realised upon the sale of returned vehicle are not sufficient to cover the residual value that was estimated at the outset of the lease. To the extent the actual residual value of the vehicle, as reflected in the sales proceeds, is less than the expected residual value for the vehicle at the outset of the lease, the Issuer incurs a loss at vehicle disposal which is recorded as an expense. Among other factors, economic conditions, new vehicle pricing, new vehicle sales, the actual or perceived quality, safety or reliability of vehicles, the mix of used vehicle supply, the level of current used vehicle values, and fuel prices heavily influence used vehicle prices and thus the actual residual value of leased vehicles. Differences between the actual residual values realised on leased vehicles and the

Issuer's estimates of such values at the outset of the lease could have a negative impact on the Issuer's operating results and financial condition, due to its recognition of higher-than-anticipated losses.

As at 30 June 2021, the total risk on residual values carried out by RCI Banque stood at EUR 1,956 million and as at 31 December 2020 it stood at EUR 1,810 million.

D. Operational risk

Risk related to the Covid-19 outbreak (Global Criticality: High)

The health crisis linked to the Covid-19 pandemic had a significant impact on the global economy in 2020 and 2021 and led, among other things, to a slowdown in economic activity. Within the Group, activity was principally impacted by the closure of concessions during the lockdowns and the absence of on-the-ground recovery activity and operation of auction rooms from the resale of vehicles. In particular, the Issuer's penetration rate decreased from 47.6 per cent. for the first half of 2020 to 44.3 per cent. for the first half of 2021, due to a decline in car sales on the retail segment, which was mostly impacted by the remaining lock down measures during the first half of 2021. In the first half of 2021, the commercial activity continued to be negatively impacted by the sanitary crisis and notably the semiconductor shortage. At the end of June 2021, net assets at year-end amounted to EUR 46.4 billion as compared to EUR 47.6 billion at the end of June 2020. In addition, IFRS-9 impairment allowance increased by EUR 204 million as at December 2020 as compared to December 2019 and remained at same level at 30 June 2021. The Group's pre-tax income increased from EUR 473 million to EUR 599 million between the first half of 2020 and the first half of 2021 and reached a level equivalent to the pre-tax income of the first half of 2019.

From an operational perspective, teleworking was implemented for all employees during the lockdowns and partial employment was introduced for certain employees.

The "Covid-19" moratoria that were introduced in the wake of the pandemic have been applied by the Group within the framework of the EBA definitions and according to the particular situation in each country in which the Group operates. At the end of June 2021, the amount of exposure subject to deferral of unexpired payment due dates amounted to EUR 38.3 million compared to EUR 288 million in 2020. The volume of debt restructured fell from EUR 446 million in December 2020 to 296 million in June 2021, while a targeted and limited number of debt restructurings have been conducted by the Group, in particular in Latin America and Morocco.

Notwithstanding the acceleration of vaccination campaigns and the gradual easing of restrictions, a future resurgence of the pandemic cannot be ruled out. If the pandemic is further prolonged, the Groups' operations could be adversely impacted by further lockdowns and any other restrictions that may be adopted in response to the pandemic. The Group is unable to predict the extent to which any resurgence of the pandemic may impact its business, operations and financial performance. The pandemic could continue to pose risks to the health and safety of the Group's employees, especially when employees may elect to return to the office in jurisdictions where both local requirements and its own health and safety standards have been met.

Risk on Information and Communication Technology (Global Criticality: Medium)

Risk on Information and Communication Technology (ICT) covers among others, the risk of information disclosure (confidentiality) or information alteration (integrity) due to unauthorised access to ICT systems and data from within or outside the institution (e.g. cyber-attacks), the risk of system disruption (availability) due to the incapacity to timely recover the institution's services or due to a failure of ICT hardware or software components, including the incapacity to detect and to fix weaknesses in ICT system management or the inability of the institution to manage ICT system changes in a timely and controlled

manner. The institution ICT risk has to be also extended to outsourced activities as service providers hold, store or process the institution ICT systems and information. The lack of control over such external third parties to protect institution systems and information (confidentiality, integrity, availability) impacts the institution capacity to comply with regulatory requirements.

For example, risk of incapacity to maintain/ operate Group essential activities in case of an external disruptive event (floods, contagion, IS destruction, cyber-attack, suicides, terrorist attack etc.) or incapacity to maintain operational information systems (referring, respectively, to Disaster Recovery Plan, DRP, and Business Continuity Plan, BCP) may adversely affect the Issuer's activities.

IT Systems are core resource for the Group as they support business processes in their day to day operations.

After making a loan or funding lease plans to retail and corporate customers and making loans available to dealers, the Issuer services the finance receivables. Any disruption of its servicing activity, due to inability to access or accurately maintain its customer account records or otherwise, could have a significant negative impact on its ability to collect on those receivables and/or satisfy its customers.

The Issuer relies on internal and external information and technological systems (managed both by the Issuer and by third parties) to manage its operations and are exposed to risk of loss resulting from breaches of security, system or control failures, inadequate or failed processes, human error and business interruptions. Furthermore, the Issuer has entered into framework agreements with Renault to provide for certain information technology systems and services. If Renault were to become unable or unwilling to fulfill its obligations under these agreements, the Issuer's operations could be disrupted. These events could have a significant impact on the Issuer's ability to conduct its business operations, increase its risk of loss resulting from disruptions of normal operating procedures, cause it to incur considerable information retrieval and verification costs, and potentially result in financial losses or other damage to the Issuer, including damage to its reputation.

E. Legal, regulatory and tax risks

The Issuer is exposed to legal, regulatory and tax risks (Global Criticality: Medium)

The Issuer's profitability and business could be adversely affected by the regulatory, legal and tax environment, both in France and abroad, since the RCI Banque group operates in several countries and is therefore subject to extensive supervisory and regulatory regimes and locally applicable rules and regulations, such as, but not limited to, banking regulation, consumer credit laws, securities law and regulations, general competition regulations, real estate laws, employment regulations, data protection laws, corporate and tax laws and insurance laws and regulations. In terms of banking prudential regulations, the Issuer is principally subject to the Capital Requirements Directive (CRD) IV package, comprising Directive 2013/36/EU ("**CRD IV**") and the Capital Requirements Regulation No 575/2013 ("**CRR**") (including all implementing legislation in France, including Law no.2013-672 dated 26 July 2013 relating to the separation and regulation of banking activities), the Bank Recovery and Resolution Directive 2014/59/EU ("**BRRD**"), as well as the relevant technical standards and guidelines from EU regulatory bodies (for example the European Banking Authority (EBA) and the European Securities and Markets Authority (ESMA)), which, inter alia, provide for capital requirements for credit institutions, recovery and resolution mechanisms.

CRD IV was modified by Directive No. 2019/878 of 20 May 2019 amending CRD IV as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures ("**CRD V**"). CRD V was implemented into French law by Ordinance no.2020-1635 of 21 December 2020 containing various provisions adapting the legislation to European Union law in the financial sector and Decree No. 2020-1637 of 22 December 2020,

which both entered into force on 29 December 2020 (save for specific measures to be applied at a later stage). Regulation No. 2019/876 of 20 May 2019 amended among other things CRR as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements ("**CRR2**"). CRR2 entered into force on 28 June 2021, although a number of provisions of CRR2 were already in force since 27 June 2019, including certain provisions related to own funds and the provisions on the introduction of the new requirements for own funds and eligible liabilities. It must be noted that CRR and CRR2 have been amended by Regulation No. 2020/873 of 24 June 2020 setting out certain adjustments in response to the COVID-19 pandemic (notably through a number of temporary prudential rules), aimed at mitigating the economic shock caused thereby. These new provisions generally applied as from 27 June 2020.

In addition to the changes in regulatory provisions set out above, the European Central Bank (the "**ECB**") has undertaken important initiatives to ensure that capital requirements for banks using internal models are calculated correctly, consistently and in a comparable manner. The Issuer uses its own internal models for calculating risk weighted assets and therefore capital requirements. In the previous years, it has received remarks and comments on some of the models audited by the ECB for which it has been asked to review certain parameters or introduce temporary add-ons in its calculations. The institution addresses most of these recommendations and the compliance with the new EBA Guideline on PD estimation, LGD estimation and treatment of defaulted assets by submitting packages (new models and methodologies) to the Supervisor (ECB) in 2021. Previously, in 2020, in accordance with the new regulation on the new definition of default (NDoD), the institution carried out major compliance work. This work was reviewed during an ECB on-site inspection which took place in 2020 and whose final conclusions are awaited.

More generally, the risk of non-compliance with different legal and regulatory requirements or tax regimes, and any adverse changes thereto, may potentially negatively affect the Issuer's current business model, internal policies and results. As a provider of financing solutions, insurance, banking (deposit) and other vehicle-linked services, RCI Banque addresses very carefully banking and insurance laws and regulations requirements, competition practices and customer protection rules, ethical issues, money laundering laws, data protection laws and information security policies. Any non-compliance or failure to address these issues properly, could lead to additional legal risk and financial losses, as a result of regulatory fines or reprimands, litigations, or reputational damage, and in extreme scenarios, to the suspension of operations or even withdrawal of authorization to pursue business.

Additional regulations or changes in the applicable laws, could add significant costs or operational constraints that might impair profitability of Issuer's business.

The Issuer's future results may be adversely affected by any of these factors.

Bank Recovery and Resolution Directive and Single Resolution Mechanism risk (Global Criticality: Medium)

The Issuer has been designated as a significant supervised entity for the purposes of Article 49(1) of the Single Supervision Mechanism ("**SSM**") regulations and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that the Issuer is also subject to the Single Resolution Mechanism ("**SRM**") and BRRD (as defined above). The SRM and BRRD enable a range of tools to be used in relation to credit institutions and investment firms considered to be at risk of failing.

Each year, the Issuer establishes a recovery plan in line with BRRD requirements. This plan sets out preparatory measures that aim to implement various recovery options that would enable the institution to recover in the event of a crisis leading to a Near to Default situation. Any insufficiency or lack of preparedness to implement the measures set out in the recovery plan, or the under-estimation of risks and

constraints linked to the implementation of the recovery plan, may compromise or delay its effective implementation and could limit the capacity of the Issuer to recover from such crisis.

If the Issuer is determined Failing or Likely To Fail within the meaning of BRRD, the Relevant Regulator (as defined in the Conditions) may apply a number of different BRRD resolution tools, including sale of business, asset separation, bail-in and creation of a bridge bank. The BRRD also provides for additional resolution measures including, in particular and without limitation, the cancellation of debt securities or eligible liabilities, the variation of the terms of debt securities, the suspension of any obligation to pay or deliver financial instruments and/or the obligation for the relevant institution subject to resolution measures to issue new securities. These varied tools are designed for early and quick intervention in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

BRRD was formally implemented into French law by an ordinance dated 20 August 2015 (*ordonnance No. 2015-1024 portant diverses dispositions d'adaptation de la législation au droit de l'Union Européenne en matière financière* – the "**Ordinance**"). This Ordinance amends and supplements the provisions of the French banking law dated 26 July 2013 on separation and regulation of banking activities (*loi de séparation et de régulation des activités bancaires*) (the "**SRAB Law**") which had, among other things, given various resolution powers to the resolution board (the "**French Resolution Board**") of the French Prudential Supervisory Authority, the *Autorité de contrôle prudentiel et de résolution* ("**ACPR**").

The SRAB Law and the Ordinance (together the "**French Resolution Regime**") provide that the French Resolution Board may, when the point of non-viability is reached, take any of the resolution measures as transposed from the BRRD. Furthermore, Decree no. 2015-1160 dated 17 September 2015 and three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the Ordinance regarding (i) recovery planning, (ii) resolution planning and (iii) criteria to assess the resolvability of an institution or group, were published on 20 September 2015 to implement BRRD in France.

Finally, law no. 2016-1691 of 9 December 2016 (known as "**Sapin II**" law) has amended article L. 613-30-3 of the French *Code monétaire et financier*, to introduce a new layer of senior "non-preferred" debts in the creditors hierarchy, which applies in the event of an insolvency of a credit institution. In the event of a bail-in, such senior "non-preferred" debts would be bailed in before other senior liabilities. The categories of debts which may qualify as senior "non-preferred" debts are set out in article L. 613-30-3 of the French *Code monétaire et financier*, and include, among other debts, debt securities (*titres de créance*) which are required, in particular, to be "non-structured" (*non structurés*), provided that, further to the implementation of BRRD2 (as defined below), their nominal value per unit upon issuance is at least of Euro 50,000. The features to be met in order for such a debt security to be considered as being non-structured (and as such eligible to the senior "non-preferred" status) have been laid down in article R. 613-28 of the French *Code monétaire et financier*, which has been introduced by the Decree no. 2018-710 dated 3 August 2018. The regime applicable to the creditors hierarchy has been supplemented by article 200 of the law no. 2019-486 of 22 May 2019 which specified the rules applicable to senior non-preferred debts by including a section Ibis in article L. 613-30-3 of the French *Code monétaire et financier* for the purpose of implementing into French law the Directive No. 2017/2399 of 12 December 2017 amending BRRD as regards the ranking of unsecured debt instruments in insolvency hierarchy. BRRD2 (as defined below), as implemented into French law, also amended article L. 613-30-3 of the French *Code monétaire et financier* to provide, in particular, that debts that do not qualify as additional tier 1 instrument or tier 2 instrument ranks, nor did so, on or before 28 December 2020, shall be bailed in before debts that do qualify or did so on or before such date.

The exercise of any power under the French Resolution Regime or any suggestion of such exercise could adversely affect the Issuer and materially impact the ability of the Issuer to satisfy its obligations under any Notes.

BRRD has been modified by Directive No. 2019/879 of 20 May 2019 among other things as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms ("**BRRD2**"). BRRD2 was implemented into French law by Ordinance no. 2020-1636 of 21 December 2020 relating to the resolution regime in the banking sector. Amendments made relate in particular to MREL (as defined below) requirements (in particular, entities subject to BRRD shall comply with a requirement expressed as a percentage of the total risk exposure amount and a percentage of the leverage ratio total exposure, and a distinction is made between, on the one hand, external MREL requirement which is applicable to a resolution entity and, on the other hand, internal MREL requirement that applies to subsidiaries that are not themselves resolution entities). It also confers on the resolution authorities additional powers. Regulation No. 2019/877 of 20 May 2019 ("**SRMR2**") amended Regulation No. 806/2014 ("**SRMR**") as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms. Changes introduced by SRMR2 entered into force on 28 December 2020. In particular, SRMR2 made amendments to SRMR relating to the implementation of total loss absorbing capacity requirements and revisions to provisions relating to MREL. Such amendments mirror those made to BRRD by BRRD2.

In the context of BRRD, the minimum requirement for own funds and eligible liabilities ("**MREL**") is subject to a formal decision of the Single Resolution Board ("**SRB**"). The level of capital and eligible liabilities required under MREL will be set by the resolution authority for each bank (and/or group) based on certain criteria including systemic importance. Eligible liabilities may be senior or subordinated, provided, among other requirements, that they have a remaining maturity of at least one year and, if governed by non-EU law, they must be able to be written down or converted under that law (including through contractual provisions). Since 2018, the SRB developed its MREL policy and started to develop binding targets for major banking groups. The SRB's MREL policy has an increased focus on quality and internal location of MREL, in particular ensuring that there are sufficient loss absorbing instruments to implement banks' preferred resolution strategies. Such policy was notably updated in May 2020 in order to be aligned with BRRD2 and SRMR2.

The SRB has determined in its notification that the MREL requirement which shall be met at all times by RCI Banque and the Group is set, subject to regulatory changes, at 7.35% of the total liabilities and own funds. It has concluded that RCI Banque was not providing critical functions, has set the recapitalisation amount and the market confidence buffer at zero and calibrated the MREL requirement at the level of the loss-absorption amount. In 2021, the ACPR, implementing the decision of the SRB, has notified RCI Banque of its updated MREL requirement. This MREL requirement has now been set at 8% of total risk exposure amount and 3% of leverage ratio exposure, each as defined by CRR. Any failure by the Issuer and/or the Group to comply with its MREL requirements may have a material adverse effect on the Issuer's business, financial conditions and results of operations.

Risks relating to the Notes

A. Risks related to all Series of Notes

Credit risk

An investment in the Notes involves taking credit risk on the Issuer. Since the Notes are unsecured obligations of the Issuer, benefiting from no direct recourse to any assets or guarantees in accordance with Condition 3 (*Status of the Notes and Subordination*), the Noteholders can only rely on the ability of the Issuer to pay any amount due under the Notes. The value of the Notes will depend on the creditworthiness of the Issuer (as may be impacted by the risks related to the Issuer as described above). If the

creditworthiness of the Issuer deteriorates, the potential impact on the Noteholder could be very high. A deterioration in creditworthiness could give rise to very serious negative repercussions on the Noteholders because: (i) the Issuer may not be able to fulfil all or part of its payment obligations under the Notes, (ii) the value of the Notes may decrease, and (iii) investors may lose all or part of their investment.

French insolvency law

The Issuer is a *société anonyme* with its corporate seat in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* 2021-1193 dated 15 September 2021. Such *Ordonnance*, applicable as from 1 October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden (i) by a cram down inside their class if grouped with other creditors or (ii) by a cross-class cram down between classes.

However, since the Issuer is a French credit institution, the opening of any amicable pre-insolvency proceedings or court-administered insolvency proceedings is subject to the *Autorité de contrôle prudentiel et de résolution*’s prior assent (*avis conforme*).

Should such proceedings be opened, the commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Bank Recovery and Resolution Directive and Single Resolution Mechanism risk

If the Issuer is determined Failing or Likely To Fail within the meaning of BRRD, the relevant regulatory authority may apply a number of different BRRD resolution tools, including sale of business, asset separation, bail-in and creation of a bridge bank. The BRRD also provides for additional resolution measures including, in particular and without limitation, the cancellation of debt securities or eligible liabilities, the variation of the terms of debt securities, the suspension of any obligation to pay or deliver financial instruments and/or the obligation for the relevant institution subject to resolution measures to issue new securities. These varied tools are designed for early and quick intervention in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The use of the BRRD resolution tools may present certain risks to the Noteholders given that they constitute unsecured debt claims over the Issuer, including:

- any shortfall from the sale of the Issuer's assets may lead to a partial reduction in the amounts outstanding to Noteholders or, in a worst-case scenario, a reduction to zero.
- in the event of a bail-in, the relevant regulatory authority must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments, then tier two instruments and other subordinated debts to the extent required and up to their capacity. If this total reduction is less than the amount needed, the relevant regulatory authority will reduce or convert to the extent

required the nominal amount or outstanding amount payable in respect of unsecured creditors (such as holders of Notes) in accordance with the hierarchy of claims in normal insolvency proceedings. However, in certain circumstances, debt that is ranked *pari passu* with the Notes may be excluded from bail-in in accordance with Article 44(2) and (3) of BRRD and therefore receive more favourable treatment than the Notes.

- the relevant authority may seek to amend the terms of the maturity date of the Notes, which could negatively affect the value of the Notes for the purpose of re-selling.

Each of the aforementioned measures may occur in isolation or, they may occur as a combination. For instance, the relevant regulatory authority may require a partial conversion of the Notes into ordinary shares of the Issuer, in addition to any write-down and sale of the Issuer's assets. Public financial support to resolve the Issuer where there is a risk of failure will only be used as a last resort, having assessed and exploited the other resolution tools to the maximum extent practicable whilst maintaining financial stability.

The taking of any action under the BRRD in relation to the Issuer, or the suggestion of the exercise of any action, could materially adversely affect the rights of Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

Change of law

The Terms and Conditions of the Notes are based on laws and regulations in effect as at the date of this Base Prospectus and, in accordance with Condition 16 (*Governing law and Jurisdiction*), are governed by, and will be construed in accordance with, French law. No assurance can be given as to the impact of any possible judicial decision or change to French law, EU rules or administrative practice after the date of this Base Prospectus. If any change in law was unfavourable to the Issuer or the Noteholders, it could have a negative impact on the value of the Notes and potentially negative repercussions on the Noteholders investment in the Notes. The risk of changes in law is higher for Notes with longer maturities.

Furthermore, the Issuer operates in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere, which could have a material adverse effect on its business and financial situation and, therefore, its creditworthiness.

Modification of the Conditions

Condition 13 (*Representation of Noteholders*) contains provisions for consulting Noteholders on matters affecting their interests generally. Subject to the provisions of the Final Terms, the Noteholders will, in respect of all Tranches in any Series, be automatically grouped for the defence of their common interests in a *Masse*, as defined in Condition 13 (*Representation of Noteholders*). Noteholders can adopt measures either through a general meeting (the "**General Meetings**") or by consent following a written consultation (the "**Written Decisions**").

These provisions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting, Noteholders who voted in a manner contrary to the majority or Noteholders who did not consent to a Written Decision.

If such a General Meeting were to take place or such a Written Decision were to be taken, it is possible that a majority of Noteholders could adopt a decision that would modify the Terms and Conditions in a way that could impair or limit the rights of the Noteholders and might have a negative impact of the market value of the Notes.

B. Risks related to the market generally

Risks related to the secondary market

The Programme allows for Notes to be listed and admitted to trading on Euronext Paris and/or any other Regulated Market. Nevertheless, the Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. This may have a negative impact on the liquidity of the Notes and result in low trading volumes. The degree of liquidity of the Notes may negatively impact the price at which an investor can dispose of the Notes where the investor is seeking to achieve a sale within a short timeframe. In such circumstances, the impact of this risk on the Noteholder would be high because Notes would likely have to be resold at a discount to the nominal value of the Notes. Furthermore, if additional and competing products are introduced in the markets, this may adversely affect the market value of the Notes.

In addition, the market for debt securities issued by issuers is influenced by a number of factors such as general economic and market conditions and, to varying degrees, rates of interest, currency exchange rates and inflation rates in other European and other industrialised countries. Events in France, Europe or elsewhere could cause market volatility which may adversely affect the price of Notes.

The Issuer is entitled to buy the Notes, as described in Condition 8(k) (*Purchases*), and the Issuer may issue further notes, as described in Condition 15 (*Further Issues*). Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

Exchange rate risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies (each a "**Specified Currency**" which will be specified in the relevant Final Terms). The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate, as well as the availability of Specified Currency in which a Note is payable at the time of payment of interest and/or principal in respect of such Note. Such exchange controls, if imposed may impact the ability to transfer funds in and out of the relevant country which would have a negative impact on the amount a Noteholder is able to realise from Notes denominated in the Specified Currency. As a result, Noteholders whose financial activities are carried out or dependent principally in a currency or currency unit other than the relevant Specified Currency could be negatively impacted as they may receive less interest or principal than expected, or no interest or principal. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

C. Risks related to the structure and features of a particular issue of Notes

The Programme allows for the issuance of a wide range of Notes with varying structures and features. Such structures and features may present particular risks for potential investors. A description of the most common risks associated with such structures and features is set out below:

(1) Interest Rate Risks

Risks related to Fixed Rate Notes

Condition 6(a) (*Interest on Fixed Rate Notes*) allows for the issuance of Notes that pay a fixed rate of interest to Noteholders. Investment in Fixed Rate Notes involves the risk that subsequent changes in interest rates in the capital markets may adversely affect the market value of the Notes. While the nominal interest rate of a fixed interest rate note is fixed during the life of such a note or during a certain period of time, the current interest rate on the capital market (market interest rate) typically changes on a daily basis. As the market interest rate changes, the price of such note changes in the opposite direction. If the market interest rate increases, the price of such note typically falls, until the yield of such note is approximately equal to the market interest rate. If the market interest rate decreases, the price of a fixed rate note typically increases, until the yield of such note is approximately equal to the market interest rate. Noteholders should be aware that movements of the market interest rate can adversely affect the price of the Notes and could cause Noteholders to lose part of the capital invested if they decide to sell Notes during a period in which the market interest rate exceeds the fixed rate of the Notes. The degree to which the market interest rate may vary presents a risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of the Notes. Any such volatility may have a significant adverse effect on the price of the Notes and cause Noteholders who sell Notes on the secondary market to lose part of their initial investment.

Risks related to Floating Rate Notes

Condition 6(b) (*Interest on Floating Rate Notes and Inflation Linked Notes*) allows for the issuance of Notes that pay a floating rate of interest to Noteholders. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. The market value of Floating Rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting of the reference rate and the relevant margin, being lower than the relevant margin. However, the minimum rate of interest (which, for the avoidance of doubt, shall consist of any applicable margin specified in the relevant Final Terms plus the relevant rate of interest) for Floating Rate Notes shall in such event be deemed to be zero. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Risks related to Inflation Linked Notes

Condition 6(b) (*Interest on Floating Rate Notes and Inflation Linked Notes*) allows for the issuance of Inflation Linked Notes. Inflation Linked Notes are debt securities which do not provide for predetermined interest payments and/or in respect of which the principal is indexed. Interest amounts and/or principal will be dependent upon the performance of either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI"), as calculated and published monthly by the *Institut National*

de la Statistique et des Etudes Economiques ("INSEE"), or (ii) the harmonised index of consumer prices excluding tobacco, or the relevant successor index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the "HICP"), or the relevant successor index (each an Index or Inflation Index and together, the Inflation Indices). If the value of the relevant index calculated at any time prior to the maturity date is lower than the value of the relevant index at the time of the issue of the Notes or at the time of purchase by the Noteholders, then the amount of interest payable by the Issuer and/or the principal on Inflation Linked Notes may vary. Noteholders may receive no interest. Where the principal is calculated by reference to the CPI or the HICP, in the event the level of the relevant Inflation Index Ratio is less than 1.00 at maturity, the Notes will be redeemed at par.

Risks related to return on Floating Rate Notes and Inflation Linked Notes

A key difference between Floating Rate Notes, Inflation Linked Notes and Fixed Rate Notes is that interest income on Floating Rate Notes and Inflation Linked Notes cannot be anticipated. Due to varying interest income, the holders will be unable to determine a definite yield of Floating Rate Notes or Inflation Linked Notes at the time they purchase them, meaning that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions of the Notes provide for frequent interest payment dates, holders will be exposed to reinvestment risk if market interest rates decline. That is, holders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes or Inflation Linked Notes, as applicable (and vice versa).

Risks related to Notes which are linked to "benchmarks"

Where, pursuant to Condition 6(b)(ii)(C), the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to the London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") or other indices which are deemed to be "benchmarks", investors should be aware that LIBOR, EURIBOR and other such "benchmarks" are the subject of ongoing national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented.

Regulation (EU) 2016/1011 (the "**EU Benchmarks Regulation**") applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the EU. Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark, within the UK. The EU Benchmarks Regulation or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to LIBOR, EURIBOR or another benchmark rate or index, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the terms of the EU Benchmarks Regulation or UK Benchmarks Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level, or affecting the volatility of the published rate or level, of the benchmark. More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks," trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the discontinuance or unavailability of quotes of certain "benchmarks".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the EU Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the EU Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the "**Amending Regulation**"). The Amending Regulation applies as of 13 February 2021 and introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring on the European Commission the power to designate a statutory replacement for (i) benchmarks designated as critical that may affect the stability of financial markets in the European Union, and other relevant benchmarks, if their cessation or wind-down would significantly disrupt the functioning of financial markets in the European Union, (ii) third-country benchmarks if their cessation or wind-down would significantly disrupt the functioning of financial markets in the European Union or pose a systemic risk to the financial system in the European Union, and (iii) benchmarks designated as critical in a Member State by a national laws, such replacement being restricted to contracts and financial instruments which do not contain fallback provisions or suitable fallback provisions and have not been renegotiated before the date of cessation of the benchmark concerned. For instance, if pursuant to a fallback provision included in the Condition 6(b)(ii)(C) of the Terms and Conditions of the Notes a benchmark is replaced by a benchmark which no longer reflects or which significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure, a statutory replacement of such benchmark may be designated.

The statutory replacement of a benchmark could have a negative impact on the value or liquidity of, and return on, any Notes linked to or referencing such benchmark.

However, the European Commission is expected to publish implementing acts under the Amending Regulation. Therefore, uncertainty remains as to the implementation of the statutory replacement of benchmarks as at the date of this Base Prospectus.

In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary.

As an example of such benchmark reforms, the UK Financial Conduct Authority (the "**FCA**") announced on 27 July 2017 that it would no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 and confirmed on 5 March 2021 that most LIBOR benchmark tenors would cease or cease to be representative benchmarks from 31 December 2021 or (in the case of certain tenors of USD LIBOR only) from 30 June 2023. On 5 March 2021, the administrator for LIBOR (the ICE Benchmark Administration or IBA) similarly announced that it would cease the publication of the relevant LIBOR settings on 31 December 2021 or 30 June 2023, unless the FCA exercises its proposed new powers (which are included in the current UK Financial Services Bill as proposed amendments to the UK Benchmarks Regulation) to require the IBA to continue publishing such LIBOR settings using a changed methodology (also known as a "synthetic" basis). Such announcements indicate that LIBOR will not continue in its current form and the FCA announcement of 5 March 2021 indicated that it is currently contemplating that any "synthetic" basis, if adopted, would be limited to a small number of currencies and settings. In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its working group on Sterling risk-free rates had been mandated with implementing a broad-based transition to the Sterling Overnight Index Average ("**SONIA**") over the next four years across sterling bond, loan and derivative markets so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

On 21 September 2017, the European Central Bank announced that it would be part of a new working group tasked with the identification and adoption of a "risk free overnight rate" which can serve as a basis for an alternative to current benchmarks used in a variety of financial instruments and contracts in the euro area. On 13 September 2018, the working group on Euro risk-free rates recommended the new Euro short-term rate ("€STR") as the new risk-free rate for the euro area. €STR was published for the first time on 2 October 2019. Although EURIBOR has been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark.

The elimination of LIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions, or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to LIBOR, EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation reforms or possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

Pursuant to the Terms and Conditions of any applicable Floating Rate Notes (including Fixed/Floating Rate Notes) or any other Notes whose return is determined by reference to LIBOR, EURIBOR or SONIA, if the Issuer determines at any time that the relevant Reference Rate for such Notes has been discontinued or a Reference Rate Fallback Event has occurred, the Issuer will appoint a Reference Rate Determination Agent as more fully described in Condition 6 (*Interest*) who will determine a Replacement Reference Rate, as well as any necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment factor needed to make such Replacement Reference Rate comparable to the relevant Reference Rate. Such Replacement Reference Rate and any such other changes will (in the absence of manifest error) be final and binding on the Noteholders, the Issuer and the Agent and any other person, and will apply to the relevant Notes without any requirement that the Issuer obtain consent of any Noteholders.

The Replacement Reference Rate may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, the replacement rate may perform differently from the discontinued benchmark. For example, there are currently proposals to replace LIBOR (which generally has a term of one, three or six months) with an overnight rate. Similarly, proposals have been made to use a rate on highly rated government obligations to replace LIBOR, which is currently based on interbank lending rates and carries an implicit element of credit risk of the banking sector. These and other changes could significantly affect the performance of an alternative rate compared to the historical and expected performance of LIBOR or any other relevant benchmark. Any adjustment factor applied to any Series of Notes may not adequately compensate for this impact. This could in turn impact the rate of interest on, and trading value of, the affected Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the

relevant Reference Rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the Reference Replacement Rate.

If the Reference Rate Determination Agent is unable to determine an appropriate Replacement Reference Rate for any discontinued Reference Rate, or if the Issuer determines that the application of the Replacement Reference Rate or any other amendment to the Conditions necessary to implement such replacement would render such Notes MREL ineligible, then the provisions for the determination of the rate of interest on the affected Notes will not be changed. In such cases, the Terms and Conditions of the Notes provide that, the relevant Interest Rate on such Notes will be the last Reference Rate available as determined by the Agent, effectively converting such Notes into fixed rate Notes.

Furthermore, in the event that no Replacement Reference Rate is determined and the affected Notes are effectively converted to fixed rate Notes as described above, Holders of such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of such Notes could therefore be adversely affected.

Risks relating to Notes which are linked to SONIA

Where the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to SONIA, investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the relevant Terms and Conditions and used in relation to Floating Rate Notes that reference a SONIA rate issued under this Base Prospectus. The nascent development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes.

Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Interest Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Notes that reference a SONIA rate to reliably estimate the amount of interest that will be payable on such Notes.

SONIA differs from LIBOR in a number of material respects, including that SONIA is a compounded, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and SONIA may behave materially differently as interest reference rates for the Notes.

Publication of SONIA began in April 2018 and it therefore has a limited history. The future performance of SONIA may therefore be difficult to predict based on the limited historical performance. The level of SONIA during the term of the Notes may bear little or no relation to the historical level of SONIA. Prior observed patterns, if any, in the behaviour of market variables and their relation to SONIA such as correlations, may change in the future.

The Bank of England (or a successor), as administrator of SONIA, may make methodological or other changes that could change the value of SONIA, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, or timing related to the publication of SONIA. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA (in which case a fallback method of determining the interest rate on the Notes will

apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SONIA.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions as applicable to the Notes. Furthermore, the Issuer may in future issue Notes referencing SONIA that differ materially in terms of interest determination when compared with the Notes. In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivative and loan markets.

Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes referencing a SONIA rate.

Risks related to Fixed/Floating Rate Notes

Condition 6(b)(ix) (*Fixed/Floating Rate Notes*) allows the Issuer to issue Notes with a fixed rate of interest that is later converted to a floating rate of interest and vice versa. Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes. Any such volatility may have an adverse effect on the value of the Notes. Investors should note the risks set out above in relation to Fixed Rate Notes and Floating Rate Notes.

Risks related to Zero Coupon Notes

Notes issued under the Programme may be issued without interest accruing. Condition 6(x) (*Zero Coupon Notes*) allows the Issuer to issue Zero Coupon Notes. Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have an adverse effect on the value of the Notes.

Risks related to Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium from their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities. Any such volatility may have an adverse effect on the value of the Notes.

(2) Early Redemption Risks

The Notes may be redeemed prior to maturity at the option of the Issuer or the Noteholders

In accordance with the provisions set out in Condition 8 (*Redemption and Purchase*), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer or the Noteholders. Such right of early redemption is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right to redeem early increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

The Issuer has the option, if so provided in the relevant Final Terms, to redeem the Notes, in whole or in part, or in whole but not in part, as the case may be, under a call option as provided in Condition 8(d) (subject, to the extent required at such date and in relation to Senior Non Preferred Notes only, to the prior written approval of the Relevant Regulator), and/or, unless specified as not being applicable in the relevant Final Terms, a make-whole redemption option as provided in Condition 8(f) (in the case of Senior Preferred Notes only).

Partial redemption of Notes at the option of the Issuer or the Noteholders

In accordance with Condition 8(e) (*Redemption at the Option of the Noteholders*), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders. Exercise of this option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Issuer or at the option of the Noteholders is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid and may have a negative impact on the value of the Notes which may in turn adversely impact the holders of those Notes.

The Notes may be redeemed prior to maturity for tax reasons

Condition 8(b) provides that Notes can be redeemed early for tax reasons. Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer may (subject, in the case of Senior Non Preferred Notes, to the prior written approval of the Relevant Regulator (as defined in Condition 8(n)), to the extent required at such date), and in certain circumstances must, redeem all outstanding Notes in accordance with the Terms and Conditions of the Notes. In such circumstances, a Noteholder will be required to redeem their maturity date which may have a negative impact on a Noteholder's overall investment portfolio.

(3) Risks relating to Notes that are MREL-eligible or intended to be MREL-eligible

The Issuer may issue Notes under the Programme that are intended to be MREL-eligible. As provided in Condition 9 (*Taxation*), if a withholding or deduction of taxes, duties, assessments or governmental charges is required by the laws of France, the Issuer may not be required to gross-up payments in relation to principal if the Notes are MREL-eligible. Investors in Notes that are MREL-eligible or intended to be

MREL-eligible may therefore be subject to withholding taxes in respect of payments of principal where the Issuer is not obliged to make gross-up payments and this would result in holders receiving less principal than expected and could adversely affect their return on the Notes.

D. Risks relating to Senior Preferred Notes

The risk factors relating to Senior Preferred Notes described below should be read together with the general risk factors relating to the Notes described above.

There may be no events of default under the Senior Preferred Notes

The Terms and Conditions of the Senior Preferred Notes do not provide for events of default allowing for the acceleration of the Senior Preferred Notes if certain events occur unless otherwise specified in the applicable Final Terms. Accordingly, if the Issuer fails to meet any of its obligations under the Senior Preferred Notes, including the payment of any interest, Noteholders will not be able to accelerate the payment of principal under such Senior Preferred Notes, including the payment of any interest. Upon a payment default, the sole remedy available to holders of such Senior Preferred Notes for recovery of amounts owing in respect of any payment of principal or interest will be the institution of proceedings to enforce such payment, which could be time-consuming and costly. This could result in significant delays in the payment of interest or principal in respect of the Senior Preferred Notes. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums earlier than such sum would otherwise have been payable.

Notwithstanding the foregoing, the Representative may, upon request of any holder of any Note, give notice to the Issuer that such Note is, and such Note shall accordingly immediately become, due and repayable at its Early Redemption Amount (as described in Condition 8(h)) together, if appropriate, with interest accrued to the date of repayment, if any, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

If the events of default are specified as applicable in the applicable Final Terms, holders of such Senior Preferred Notes may only give notice that such Senior Preferred Notes are immediately due and repayable in a limited number of circumstances.

E. Risks relating to Senior Non Preferred Notes

The risk factors relating to Senior Non Preferred Notes described below should be read together with the general risk factors relating to the Notes described above.

Senior Non Preferred Notes are new types of instruments for which there is a limited trading history

Prior to the adoption of the law *relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique* on 9 November 2016 and its entry into force on 17 July 2017, French issuers were not able to issue securities with a senior non-preferred ranking. Accordingly, there is little trading history for securities of French banks with this ranking. Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non Preferred Notes will be lower than those expected by Noteholders at the time of issuance of the Senior Non Preferred Notes. If so, Noteholders may incur losses in respect of their investments in the Senior Non Preferred Notes.

The Senior Non Preferred Notes are senior non-preferred obligations and are junior to certain obligations. As a result, Holders of Senior Non Preferred Notes generally face an increased performance risk and default risk compared to holders of Senior Preferred Notes and other senior liabilities and an increased risk of loss in the event of the Issuer's insolvency or resolution

In order to be eligible to satisfy the MREL (as defined below) of the Issuer, Senior Non Preferred Notes will be subordinated to existing senior debt and Senior Preferred Notes and bailed in before such senior debt in the event of resolution under the BRRD. As a result, the default risk on the Senior Non Preferred Notes will be higher than the risk associated with preferred senior debt (such as Senior Preferred Notes) and other senior liabilities (such as wholesale deposits).

The Issuer's obligations in respect of the Senior Non Preferred Notes constitute direct, unconditional, unsecured and senior obligations of the Issuer and rank and will at all times rank (i) *pari passu* among themselves and with other Senior Non Preferred Obligations of the Issuer, (ii) senior to Ordinarily Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations, and (iii) junior to present and future claims benefiting from preferred exceptions, including Senior Preferred Obligations. Senior Non Preferred Obligations issued by the Issuer are more fully described in Condition 3 (*Status of the Notes and Subordination*).

Although Senior Non Preferred Notes may pay a higher rate of interest than comparable Senior Preferred Notes which are not subordinated, there is a greater risk that an investor in Senior Non Preferred Notes will lose all or some of its investment should the Issuer become (i) subject to resolution under the BRRD and the Senior Non Preferred Notes become subject to the application of the general bail-in tool (as defined below) or (ii) insolvent. Thus, such holders of Senior Non Preferred Notes face an increased performance risk compared to holders of Senior Preferred Obligations.

If a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or if the Issuer is liquidated for any other reason, the rights of payment of the Holders of Senior Non Preferred Notes will be subordinated to the payment in full of the senior preferred creditors of the Issuer and any other creditors that are senior to the Notes. In the event of incomplete payment of senior preferred creditors and other creditors ranking ahead of the claims of the holders of Senior Non Preferred Notes, the obligations of the Issuer in connection with the principal of the Senior Non Preferred Notes will be terminated. The Noteholders shall be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer, which could be time-consuming and costly.

The qualification of the Senior Non Preferred Notes as MREL-eligible is subject to uncertainty

The Senior Non Preferred Notes are intended to be eligible liabilities available to meet the MREL Requirements (as defined in Condition 8(h)). The MREL framework was amended by BRRD2, notably in respect of the definition of eligible liabilities for the purposes of the MREL and this reform was recently implemented into French law. Assessment as to whether the Senior Non Preferred Notes would meet the new definitions may be subject to a review by the resolution authority. Therefore, the Issuer cannot provide any assurance that the Senior Non Preferred Notes will ultimately be MREL-eligible. If they are not MREL-eligible (or if they initially are MREL-eligible and subsequently become ineligible due to a change in the applicable MREL Requirements (as defined in Condition 8(h))), then an MREL Disqualification Event will occur.

Potential investors should note that the Issuer may redeem a Series of Senior Non Preferred Notes in whole, but not in part, at the applicable Early Redemption Amount calculated in accordance with the Terms and Conditions, together, if appropriate, with interest accrued to (but excluding) the date fixed for redemption.

The yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

It is expected that the credit rating of Senior Non Preferred Notes by one or more credit rating agencies will be lower than the Issuer's credit rating reflecting the increased risk of loss in the event of the Issuer's insolvency

The Senior Non Preferred Notes, upon issue, are expected to be rated by one or more credit rating agencies with a rating lower than the Issuer's credit rating, reflecting the increased risk of loss in the event of the Issuer's insolvency and the fact that they can be bailed-in before the Senior Preferred Notes in the event of resolution under the BRRD. As a result, Senior Non Preferred Notes are likely to be rated by one or more credit rating agencies with ratings similar to those usually seen for subordinated debt and as such may be subject to a higher risk of price volatility than the Senior Preferred Notes.

In addition, the rating may change in the future depending on the assessment, by one or more credit rating agencies, of the impact on the different instrument classes resulting from the modified liability structure following the issuance of the Senior Non Preferred Notes.

There are no events of default under the Senior Non Preferred Notes

The Terms and Conditions of the Senior Non Preferred Notes do not provide for events of default allowing for the acceleration of such Notes if certain events occur. Accordingly, if the Issuer fails to meet any obligations under such Notes, including the payment of any interest, Holders will not be able to accelerate the payment of principal. Upon a payment default, the sole remedy available to holders of such Notes for the recovery of amounts owing in respect of any payment of principal or interest on such Notes will be the institution of proceedings to enforce such payment, which could be time-consuming and costly. This could result in significant delays in the payment of interest or principal in respect of the Senior Non Preferred Notes. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

Notwithstanding the foregoing, the Representative may, upon request of any holder of any Note, give notice to the Issuer that such Note is, and such Note shall accordingly immediately become, due and repayable at its Early Redemption Amount (as described in Condition 8(h)) together, if appropriate, with interest accrued to the date of repayment, if any, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

The Issuer is not required to redeem Senior Non Preferred Notes in the case where a gross-up obligation is held to be illegal or unenforceable

There is uncertainty as to whether gross-up obligations in general, including those under the Terms and Conditions of the Notes, are enforceable under French law. If any payment obligations under the Notes, including the obligations to pay additional amounts under Condition 9 (*Taxation*), are to be held illegal or unenforceable under French law, the Issuer will have the right, but not the obligation, to redeem the Notes. Accordingly, if the Issuer does not redeem the Notes upon the occurrence of a Gross-Up Event as defined in the Terms and Conditions of the Notes, holders of such Notes may receive less than the full amount due, and the market value of such Notes will be adversely affected.

IMPORTANT CONSIDERATIONS

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of such an investment in light of his or her own circumstances. In particular, each potential investor should:

have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;

understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets;

consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes.

be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as standalone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under the changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Potential conflicts of interest

All or some of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. All or some of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies with the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. All or some of the Dealers or their affiliates that have a lending relationship with

the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Inflation Linked Notes

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes. Holders of Inflation Linked Notes are exposed to the risk that changes in the levels of the Inflation Indices may adversely affect the value of such Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE and Eurostat make no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of any of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE or Eurostat, as the case may be, without regard to the Issuer or the Notes. The INSEE or Eurostat, as the case may be, are not responsible for or have not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Notes.

Taxation

Prospective investors and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions; including the Issuer's jurisdiction of incorporation, which may have an impact on the income received from the Notes. No comment is made by, and no advice is given by, the Issuer or any Dealer in respect of taxation matters relating to the Notes and potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

CONSENT TO USE OF BASE PROSPECTUS

In the context of any offer of Notes in the Grand Duchy of Luxembourg, the Republic of Italy, the Netherlands, Denmark, Germany, and/or any other jurisdiction of the EEA in which this Base Prospectus has been passported from time to time (the "**Non-exempt Offer Jurisdictions**") that is not within an exemption from the requirement to publish a prospectus under the EU Prospectus Regulation (a "**Non-exempt Offer**"), the Issuer accepts responsibility, in each Member State for which it has given its consent referred to herein, for the content of this Base Prospectus in relation to any person (an "**Investor**") to whom an offer of any Notes is made by any financial intermediary to whom it has given its consent to use this Base Prospectus (an "**Authorised Offeror**", as set out in the Final Terms or on the website of the Issuer as set out in the paragraph below), where the offer is made during the period for which that consent is given and where the offer is made in the Member State for which that consent was given and is in compliance with all other conditions attached to the giving of the consent. However, neither the Issuer nor the Dealers have or take any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other applicable local regulatory requirements or other securities law requirements in relation to such offer.

If so specified in the Final Terms in respect of any Tranche of Notes, the Issuer consents to the use of this Base Prospectus in connection with a Non-exempt Offer of the relevant Notes during the Offer Period specified in the relevant Final Terms (the "**Offer Period**") either (1) in the Non-exempt Offer Jurisdiction(s) specified in the relevant Final Terms by any financial intermediary which is authorised to make such offers under EU MiFID II and which satisfies any conditions specified in the relevant Final Terms or (2) by the financial intermediaries, in the relevant Non-exempt Offer Jurisdiction and subject to the relevant conditions, in each case specified in the relevant Final Terms, for so long as they are authorised to make such offers under EU MiFID II. The Issuer may give consent to additional financial intermediaries after the date of the relevant Final Terms and, if it does so, the Issuer will publish the above information in relation to them on <https://www.rcibs.com/en/finance>. Such consent shall not extend beyond twelve months from the date of this Base Prospectus.

Any Authorised Offeror who wishes to use this Base Prospectus in connection with a Non-exempt Offer as set out in (1) above is required, for the duration of the relevant Offer Period, to publish on its website that it is using this Base Prospectus (and all the existing amendments and supplements thereto) for such Non-exempt Offer in accordance with the consent of the Issuer and the conditions attached thereto.

To the extent specified in the relevant Final Terms, a Non-exempt Offer may be made during the relevant Offer Period by any of the Issuer, the Dealers or any relevant Authorised Offeror in any relevant Member State and subject to any relevant conditions, in each case all as specified in the relevant Final Terms.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-exempt Offer by any person in any circumstances and such person is not permitted to use this Base Prospectus in connection with its offer of any Notes. Any such Non-exempt Offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has, or takes, any responsibility or liability for the actions of any person making such Non-exempt Offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation and settlement arrangements (the "Terms and Conditions of the Non-exempt Offer"). The Issuer will not be a party to any such arrangements with Investors (other than

Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Non-exempt Offer shall be published by that Authorised Offeror on its website at the relevant time. None of the Issuer, any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

In accordance with and pursuant to Article 23.2 of the EU Prospectus Regulation, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within three (3) working days after the publication of such supplement, to withdraw their acceptance provided that the significant new factor, material mistake or material inaccuracy referred to in Article 23.1 of the EU Prospectus Regulation arose or was noted before the closing of the offer period or the delivery of the Notes, whichever occurs first. The period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion by the relevant Final Terms, shall be applicable to the Notes.

In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to Notes are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by RCI Banque (the "**Issuer**") with the benefit of an agency agreement dated 10 November 2021 between the Issuer and Citibank, N.A., London Branch as Fiscal Agent, Principal Paying Agent, Redenomination Agent, Consolidation Agent and Calculation Agent (the "**Agency Agreement**"). The fiscal agent, the paying agent, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**", the "**Redenomination Agent**", the "**Consolidation Agent**" and the "**Calculation Agent(s)**".

The Issuer may issue Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Inflation Linked Notes or a combination of any of the foregoing, depending upon the Interest/Redemption/Payment Basis shown in the applicable Final Terms. The Notes may also be Senior Preferred Notes or Senior Non Preferred Notes, as indicated in the applicable Final Terms. The Notes may pay a rate of interest (the "**Rate of Interest**") as specified in the applicable Final Terms and calculated in accordance with Condition 6 (*Interest*) below.

References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

The specific terms of each Tranche will be set out in the Final Terms to this Base Prospectus (the "**Final Terms**").

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing). As used herein, "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are expressed to be consolidated (*assimilées*) and form a single series and are identical in all respects (including as to listing) except that the Issue Price, Issue Date, Interest Commencement Date (if any) and/or the amount of the first payment of interest (if any) may be different in respect of different Tranches.

A copy of the Agency Agreement is available for inspection and the Final Terms applicable to the Notes are available free of charge during normal business hours at the specified office of each of the Paying Agents, save that the relevant Final Terms in relation to an unlisted Note will only be available for inspection by a Noteholder holding one or more Notes of that Series and such Noteholder must produce evidence satisfactory to the relevant Paying Agent as to its holding of Notes and as to its identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreement and the relevant Final Terms which are applicable to them.

Words and expressions defined in the Agency Agreement or used in the relevant Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise

stated and *provided that*, in the event of inconsistency between the Agency Agreement and the relevant Final Terms, the relevant Final Terms will prevail.

For the purposes of these Terms and Conditions, "**Regulated Market**" means any regulated market situated in a Member State of the European Economic Area ("**EEA**"), as defined in the Directive 2014/65/EU, as amended.

(c) **Title:**

- (ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Notes**"), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, "**holder of Notes**" or "**holder of any Note**", or "**Noteholder**" means (a) in the case of Dematerialised Notes, the individual or entity whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (b) in the case of Materialised Notes, the bearer of any Definitive Materialised Note and the Coupons ("**Couponholder**" being construed accordingly), or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. **CONVERSION AND EXCHANGES OF NOTES**

(a) **Dematerialised Notes**

Any such conversion shall be effected at the cost of such Noteholder.

(b) **Materialised Notes**

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3. **STATUS OF THE NOTES AND SUBORDINATION**

(a) **Status**

If the Notes are "**Senior Preferred Notes**", the Notes will be Senior Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional and (subject to the provisions of the negative pledge), unsecured and senior obligations of the Issuer and rank and will at all times rank:

- (A) *pari passu*, without any preference or priority by reason of date of issue, currency of payment or otherwise, among themselves and, subject to such exceptions as are from time to time mandatory under the laws of France, with all other Senior Preferred Obligations including any outstanding issuances of senior Notes under the Programme;
- (B) senior to Senior Non Preferred Obligations; and
- (C) junior to present and future claims benefiting from other preferred exceptions.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable ou liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Preferred Notes rank:

- (A) junior to present and future claims benefiting from other preferred exceptions; and
- (B) senior to Senior Non Preferred Obligations and Ordinarily Subordinated Obligations.

If the Notes are "**Senior Non Preferred Notes**", the Notes will be Senior Non Preferred Obligations and the Notes and (if applicable) the relative Coupons constitute direct, unconditional and unsecured and senior obligations of the Issuer and rank and will at all times rank:

- (A) *pari passu*, without any preference or priority by reason of date of issue, currency of payment or otherwise, among themselves and, subject to such exceptions as are from time to time mandatory under the laws of France, with all other Senior Non Preferred Obligations;
- (B) senior to Ordinarily Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations; and
- (C) junior to present and future claims benefiting from preferred exceptions including Senior Preferred Obligations.

Subject to applicable law, in the event of the voluntary or judicial liquidation (*liquidation amiable ou liquidation judiciaire*) of the Issuer, bankruptcy proceedings or any other similar proceedings affecting the Issuer, the rights of Noteholders to payment under the Senior Non Preferred Notes rank:

- (A) junior to Senior Preferred Obligations; and
- (B) senior to Ordinarily Subordinated Obligations and any other present or future claims otherwise ranking junior to Senior Non Preferred Obligations.

"**Ordinarily Subordinated Obligations**" means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves, and

constitute direct, unconditional, unsecured and subordinated obligations of the Issuer but in priority to *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés"*, i.e. *engagements subordonnés de dernier rang*).

"Senior Preferred Obligations" means any senior obligations (including the Senior Preferred Notes) of, or other instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in article L. 613-30-3-I-3° of the French *Code monétaire et financier*.

(b) **No set-off**

Subject to applicable law, no holder of any Notes and no holder of Coupons related thereto may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with the Notes or the Coupons related thereto and each holder of Notes and each holder of Coupons related thereto shall, by virtue of its holding of any Note or Coupon related thereto, be deemed to have waived all such right of set-off, compensation or retention.

4. **NEGATIVE PLEDGE**

So long as any of the Notes remains outstanding, the Issuer will not create or permit to subsist any mortgage, pledge, lien or other charge or other security interest upon the whole or any part of its assets, present or future, to secure any present or future Indebtedness issued by the Issuer or any guarantee given by the Issuer in respect of any Indebtedness, unless the Notes are equally and rateably secured, so as to rank *pari passu* with such Indebtedness, provided that the Issuer may (i) grant such security interest in respect of an aggregate amount or amounts not representing 20 per cent. or more of the total assets of the Issuer as disclosed in the most recent audited financial statements of the Issuer and/or (ii) grant such security interest over a segregated pool of assets in respect of Indebtedness issued by the Issuer in the form of covered bonds.

This Condition does not apply to Senior Non Preferred Notes.

In these Conditions, **"Indebtedness"** means any indebtedness in the form of, or represented by, bonds, notes, debentures or other securities which are, or are capable of being, quoted, listed, or ordinarily trade on any stock exchange.

5. **REDENOMINATION**

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated in euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Redenomination

Agent, that the then market practice in respect of the redenomination in euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;

- (ii) save to the extent that an Exchange Notice has been given in accordance with subparagraph (iii) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Redenomination Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 calendar days prior to any date for payment of principal or interest on the Notes;
- (iv) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (v) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, or if different, the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vi) if the Notes are Floating Rate Notes, the applicable Final Terms will specify any relevant changes to the provisions relating to interest.

6. INTEREST

(a) Interest on Fixed Rate Notes

The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and will amount to the Initial Broken Amount specified in the applicable Final Terms if the first anniversary of the Interest Commencement Date is not an Interest Payment Date, or the Fixed Coupon Amount specified in the applicable Final Terms if the first anniversary of the Interest Commencement Date is an Interest Payment Date. If the Maturity Date is not an Interest Payment Date, interest from, and including, the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to, but excluding, the Maturity Date will amount to the Final Broken Amount. The amount of interest to be paid on the Interest Payment Date for a regular period of interest (that is, a period of ending on an Interest Payment Date) shall be the Fixed Coupon Amount, as specified in the applicable Final Terms.

If interest is required to be calculated for a period ending other than on an Interest Payment Date, such interest shall be calculated by applying the Rate(s) of Interest to each Specified Denomination, or if different, the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

In these Conditions:

"**Day Count Fraction**" means:

- (i) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (iii) if "**30/360**" is specified in the applicable Final Terms, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of 12 30-day months) divided by 360;

"Determination Period" means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after such date); and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) **Interest on Floating Rate Notes and Inflation Linked Notes**

(i) **Interest Payment Dates**

Each Floating Rate Note and each Inflation Linked Note bears interest on its nominal amount from, and including, the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Interest Payment Date(s) in each year (the period from, and including, the Interest Commencement Date to, but excluding, the first Interest Payment Date and each successive period from, and including, an Interest Payment Date to, but excluding, the next Interest Payment Date each being an "**Interest Period**"); or
- (B) if no express Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an "**Interest Payment Date**") which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a business day convention is specified in the applicable Final Terms and (x) there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the business day convention specified is:

- (1) in any case where Interest Periods are specified in accordance with Condition 6(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (1) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (bb) below shall apply *mutatis mutandis* or (2) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Payment Date

shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding applicable Interest Payment Date occurred; or

- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions:

"Business Day" means:

- (A) in relation to any sum payable in euro, a day on which the TARGET2 System is open and a day on which commercial banks and foreign exchange markets settle payments and are open for general business in any Additional Business Centre specified in the applicable Final Terms; and
- (B) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than any Additional Business Centre specified in the applicable Final Terms); and

"TARGET2 System" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007.

(ii) Rate of Interest for Floating Rate Notes

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

Unless a higher rate is stated in the applicable Final Terms, the Minimum Rate of Interest (which, for the avoidance of doubt, shall consist of any applicable margin specified in the relevant Final Terms plus the relevant rate of interest) shall be deemed to be zero.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **"ISDA Rate"** for an Interest Period means a rate equal to the Floating Rate that would be determined

by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for the swap transaction under an interest rate swap transaction if the Agent under the terms of an agreement incorporating the 2000 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes or, if so specified in the applicable Final Terms, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (1) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (2) in any other case, as specified in the applicable Final Terms.

For purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (A) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 6(v) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (A).

(B) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (1) the Floating Rate is as specified in the relevant Final Terms, and
- (2) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate** (*Taux Variable*)", "**Calculation Agent** (*Agent*)", "**Floating Rate**

Determination Date (*Date de Détermination du Taux Variable*)" and **"Transaction** (*Transaction*)" have the meanings given to those terms in the FBF Definitions, *provided that* Euribor means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms. **"FBF Definitions"** means the definitions set out in the 2007 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules (*Additifs Techniques*) as published by the *Fédération Bancaire Française* (together the **"FBF Master Agreement"**), unless otherwise specified in the relevant Final Terms.

(C) Screen Rate Determination for Floating Rate Notes

(1) LIBOR OR EURIBOR

(i) Where "Screen Rate Determination – IBOR" is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (x) the offered quotation; or
- (y) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

(ii) If the Relevant Screen Page is not available or if in the case of (i)(x) above, no such quotation appears or, in the case of (i)(y) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph the Calculation Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for deposits in the Specified Currency, for the relevant Interest Period to leading banks in the London inter-bank market at approximately 11.00 a.m. (London time), or, in the Euro-zone inter-bank market at approximately 11.00 a.m. (Brussels time), as the case may be, on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period

shall be the arithmetic mean (rounded if necessary to the fourth decimal place with 0.00005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

(iii) If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market or in the Euro-zone inter-bank market, as the case may be, plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, which, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Calculation Agent suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in the London inter-bank market or in the Euro-zone inter-bank market, as the case may be, (or, as the case may be, the quotations of such bank or banks to the Calculation Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined by the Calculation Agent by reference to the most recent date upon which rates could have been determined in accordance with the above provisions or, failing which, the Rate of Interest for such Interest Period shall be the Rate of Interest applicable to the last preceding Interest Period.

(2) SONIA

Where "Screen Rate Determination – SONIA" is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate is to be determined, such Rate of Interest or Rate, as the case may be, for each Interest Period will be calculated in accordance with Condition 6(b)(ii)(C)(2)(A) or 6(b)(ii)(C)(2)(B) below subject to the provisions of Condition 6(b)(ii)(C)(2)(D).

- (A) Where the Calculation Method is specified in the applicable Final Terms as being "Compounded Daily", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the Compounded Daily SONIA plus or minus (as

indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable.

- (B) Where the Calculation Method is specified in the applicable Final Terms as being "Weighted Average", the Rate of Interest or Rate, as the case may be, for each Interest Period will be the Weighted Average SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or the Calculation Agent, as applicable, on the Interest Determination Date and the resulting percentage being rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.
- (C) The following definitions shall apply for the purpose of this Condition 6(b)(ii)(C)(2):

"Compounded Daily SONIA" means, with respect to an Interest Period, the rate of return of a daily compound interest investment in Sterling (with the daily Sterling overnight reference rate as the reference rate for the calculation of interest) calculated by the Principal Paying Agent or the Calculation Agent, as applicable, on the Interest Determination Date in accordance with the following formula:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{SONIA}_{i-\text{pLBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where the resulting percentage will be rounded (if necessary) to the fifth decimal place, with 0.000005 being rounded upwards.

"d" means, in respect of an Interest Period, the number of calendar days in such Interest Period;

"d_o" means, in respect of an Interest Period, the number of London Business Days in the relevant Interest Period;

"i" means a series of whole numbers from one to d_o, each representing the relevant London Business Days in chronological order from (and including) the first London Business Day in the relevant Interest Period;

"Lock-out Period" means, in respect of an Interest Period, the period from (and including) the day following the Interest Determination Date to (but excluding) the Interest Period End Date falling at the end of such Interest Period;

"London Business Day" means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"Lookback Period" or **"p"** means, in respect of an Interest Period where "Lag" is specified as the Observation Method in the applicable Final Terms, the number of London Business Days specified in the applicable Final Terms (or, if no such number is specified, five London Business Days);

"ni" means, in respect of a London Business Day i, the number of calendar days from (and including) such London Business Day i up to (but excluding) the following London Business Day;

"Observation Lookback Period" means, in respect of an Interest Period, the period from (and including) the date falling p London Business Days prior to the first day of the relevant Interest Period and ending on (but excluding) the date which is p London Business Days prior to the Interest Period End Date falling at the end of such Interest Period;

"Reference Day" means each London Business Day in the relevant Interest Period that is not a London Business Day falling in the Lockout Period;

"SONIA i" means, in respect of a London Business Day i:

- (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, the SONIA Rate in respect of pLBD in respect of such London Business Day i; or
- (y) if "Lock-out" is specified as the Observation Method in the applicable Final Terms:
 - (1) in respect of any London Business Day i that is a Reference Day, the SONIA Rate in respect of the London Business Day immediately preceding such Reference Day; otherwise
 - (2) the SONIA Rate in respect of the London Business Day immediately preceding the Interest Determination Date for the relevant Interest Period;

"SONIAi-pLBD" means:

- (x) if "Lag" is specified as the Observation Method in the applicable Final Terms, in respect of a London Business Day i, SONIA i in respect of the London

Business Day falling p London Business Days prior to such London Business Day i ("**pLBD**"); or

- (y) if "Lock-out" is specified as the Observation Method in the applicable Final Terms, in respect of a London Business Day i, SONIA i in respect of such London Business Day i.

"SONIA Rate" means, in respect of any London Business Day, a reference rate equal to the daily Sterling Overnight Index Average rate for such London Business Day, as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) on the London Business Day immediately following such London Business Day; and

"Weighted Average SONIA" means:

- (x) where "Lag" is specified as the Observation Method in the applicable Final Terms, the sum of the SONIA Rate in respect of each calendar day during the relevant Observation Lookback Period divided by the number of calendar days during such Observation Lookback Period. For these purposes, the SONIA Rate in respect of any calendar day which is not a London Business Day shall be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding such calendar day; or
 - (y) where "Lock-out" is specified as the Observation Method in the applicable Final Terms, the sum of the SONIA Rate in respect of each calendar day during the relevant Interest Period divided by the number of calendar days in the relevant Interest Period, provided that, for any calendar day of such Interest Period falling in the Lock-out Period for the relevant Interest Period, the SONIA Rate for such calendar day will be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding the first day of such Lock-out Period. For these purposes, the SONIA Rate in respect of any calendar day which is not a London Business Day shall, subject to the preceding proviso, be deemed to be the SONIA Rate in respect of the London Business Day immediately preceding such calendar day.
- (D) If, in respect of any London Business Day, the SONIA Rate is not available on the Relevant Screen Page (and has not

otherwise been published by the relevant authorised distributors), such SONIA Rate shall be:

- (x) (i) the Bank of England's Bank Rate (the "Bank Rate") prevailing at the close of business on the relevant London Business Day; plus (ii) the arithmetic mean of the spread of SONIA to the Bank Rate over the previous five days on which SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or
- (y) if such Bank Rate is not available, the SONIA Rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the immediately preceding London Business Day on which the SONIA Rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors), and

such rate shall be deemed to be the SONIA Rate for such London Business Day.

Notwithstanding the foregoing, in the event of the Bank of England publishing guidance as to (i) how the SONIA Rate is to be determined or (ii) any rate that is to replace the SONIA Rate, the Principal Paying Agent or the Calculation Agent, as applicable, shall, subject to receiving written instructions from the Issuer and to the extent reasonably practicable, follow such guidance to determine the SONIA Rate for so long as the SONIA Rate is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest or Rate, as applicable, cannot be determined in accordance with the foregoing provisions in respect of an Interest Period, the Rate of Interest or Rate, as applicable, shall be (i) that determined as at the immediately preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the immediately preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest relation to the immediately preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest or Rate, as applicable, which would have been applicable to such Series of Notes for the first Interest Period

had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (subject to the application of the relevant Margin or Maximum Rate of Interest or Minimum Rate of Interest in respect of such Interest Period).

(3) Benchmark discontinuation

Notwithstanding paragraphs (C)(1)(ii), (C)(1)(iii) and (C)(2) above, if the Issuer (in consultation with the Calculation Agent) determines at any time prior to any Interest Determination Date, that the relevant Reference Rate has been discontinued or a Reference Rate Fallback Event has occurred, the Calculation Agent will use, as a substitute for the relevant Reference Rate, an alternative reference rate determined by the Issuer to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the Specified Currency (each a "**Relevant Nominating Body**") specified in the relevant Final Terms that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by the Relevant Nominating Body, the Issuer (in consultation with the Calculation Agent) shall determine which of those alternative rates is most appropriate to preserve the economic features of the relevant Notes. If the Issuer (in consultation with the Calculation Agent) is unable to determine such an alternative reference rate, it will as soon as reasonably practicable (and in any event before the Business Day prior to the applicable Interest Determination Date) appoint an agent (the "**Reference Rate Determination Agent**"), which will determine whether a substitute or successor rate, which is substantially comparable to the relevant Reference Rate, is available for the purpose of determining the Reference Rate on each Interest Determination Date falling on or after the date of such determination. If the Reference Rate Determination Agent determines that there is an industry accepted successor rate, the Reference Rate Determination Agent will notify the Calculation Agent of such successor rate to be used by the Calculation Agent to determine the Rate of Interest.

If the Reference Rate Determination Agent has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the "**Replacement Reference Rate**"), for the purpose of determining the Reference Rate on each Interest Determination Date falling on or after such determination:

- (a) the Reference Rate Determination Agent will also determine the changes (if any) required to the applicable Business Day

Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Reference Rate, including any adjustment needed to make such Replacement Reference Rate comparable to the relevant Reference Rate, including, where applicable, to reflect any increased costs of the Issuer providing such exposure to the Replacement Reference Rate, in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement Reference Rate;

- (b) references to the Reference Rate in these Conditions will be deemed to be references to the relevant Replacement Reference Rate, including any alternative method for determining such rate as described in (ii) above;
- (c) the Reference Rate Determination Agent will notify the Issuer of the Replacement Reference Rate and the details described in (a) above, as soon as reasonably practicable; and
- (d) the Issuer will give notice to the Noteholders in accordance with Condition 14 of the Replacement Reference Rate and of the details described in (a) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the Business Day prior to the applicable Interest Determination Date.

The determination of the Replacement Reference Rate and the other matters referred to above by the Reference Rate Determination Agent will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent and the Noteholders, unless the Reference Rate Determination Agent determines at a later date that the Replacement Reference Rate is no longer substantially comparable to the Reference Rate or does not constitute an industry accepted successor rate, in which case the Issuer shall appoint or re-appoint a Reference Rate Determination Agent (which may or may not be the same entity as the original Reference Rate Determination Agent) for the purpose of confirming the Replacement Reference Rate or determining a substitute Replacement Reference Rate in an identical manner as described above. If the Reference Rate Determination Agent is unable to or otherwise does not determine a substitute Replacement Reference Rate, then the Replacement Reference Rate will remain unchanged.

If (x) a Reference Rate Determination Agent is appointed by the Issuer and such Reference Rate Determination Agent determines that the relevant Reference Rate has been discontinued but for any reason a Replacement Reference Rate has not been determined or (y) the Issuer determines that the replacement of the Reference Rate with the Replacement Reference Rate or any other amendment to the Conditions necessary to implement such replacement would, in the case of Senior Non Preferred Notes and Senior Preferred Notes where "Prior approval

of the Relevant Regulator" is specified as applicable in the relevant Final Terms, result in (a) all or part of the aggregate outstanding nominal amount of such Series of Notes being excluded from the eligible liabilities available to meet the MREL Requirements (however called or defined by then applicable regulations) or (b) the Relevant Regulator considering such replacement or amendment as an incentive to redeem the Notes and therefore treating any future Interest Payment Date as the effective maturity date of the Notes, rather than the Maturity Date, the Issuer may decide that no Replacement Reference Rate or any other successor, replacement or alternative benchmark or screen rate will be adopted and the Reference Rate for the relevant Interest Period in such case will be equal to the last relevant Reference Rate available on the Relevant Screen Page as determined by the Calculation Agent (in consultation with the Issuer).

The Reference Rate Determination Agent may be (i) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Specified Currency as appointed by (i) the Issuer; (ii) an affiliate of the Issuer; or (iii) such other entity that the Issuer in its sole and absolute discretion determines to be competent to carry out such role.

In these Conditions:

"Reference Banks" means, in the case of (ii) above those banks whose offered rates were used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of (iii) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

"Reference Rate" shall mean the reference rate specified in the applicable Final Terms;

"Reference Rate Fallback Event" means, in relation to any Reference Rate, any of the following, as determined by the Issuer (in consultation with the Calculation Agent):

- (i) the Reference Rate ceasing to exist or ceasing to be published for a period of at least six (6) consecutive Business Days or having been permanently or indefinitely discontinued;
- (ii) the making of a public statement or publication of information (provided that, at the time of any such event, there is no successor administrator that will provide the Reference Rate) by or on behalf of (i) the administrator of the Reference Rate or (ii) the supervisor, insolvency official, resolution authority, central bank or competent court having jurisdiction over such administrator stating that (x) the administrator has ceased or will cease permanently or indefinitely to provide the Reference Rate, (y) the Reference Rate has been or will be permanently or indefinitely discontinued or is or will be no longer representative of an underlying market, or (z) the Reference Rate has been or will be prohibited from being used

or that its use has been or will be subject to restrictions or adverse consequences, either generally, or in respect of the Notes, provided that, if such public statement or publication mentions that the event or circumstance referred to in (x), (y) or (z) above will occur on a date falling later than three (3) months after the relevant public statement or publication, the Reference Rate Fallback Event shall be deemed to occur on the date falling three (3) months prior to such specified date (and not the date of the relevant public statement);

- (iii) it has or will prior to the next Interest Determination Date (as applicable), become unlawful for the Calculation Agent or any other party responsible for determining the Reference Rate to calculate any payments due to be made to any Noteholder using the Reference Rate; or
- (iv) the making of a public statement or publication of information that any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the Reference Rate, or the administrator of the Reference Rate has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the use of the Reference Rate is not or will not be permitted under any applicable law or regulation, such that the Calculation Agent or any other party responsible for determining the Reference Rate, is unable to perform its obligations in respect of the Notes.

A change in the methodology of the Reference Rate shall not, absent the occurrence of one of the above, be deemed a Reference Rate Fallback Event.

(iii) Rate of Interest for Inflation Linked Notes

(1) Consumer Price Index (CPI)

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "**INSEE**") ("**CPI**") is specified as the Index in the relevant Final Terms, this Condition 6(b)(iii)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6(b)(iii)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 6(b)(iii)(A), the "**Inflation Index Ratio**" or "**IIR**" is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the "**Base Reference**"). Notwithstanding Condition 6(b)(xii)(C), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**CPI Daily Inflation Reference Index**" means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M-3) and the second month preceding such month (M-2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index =

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

CPI Monthly Reference Index_{M-2}: price index of month M-2;

CPI Monthly Reference Index_{M-3}: price index of month M-3.

Notwithstanding Condition 6(b)(xii)(C), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence Française du Trésor* Reuters Screen page OATINFLATION01 or on Bloomberg TRESOR <Go> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

"**CPI Monthly Reference Index**" refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (B) The calculation method described in (III) below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* — www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêt en euro, Normes et usages des marchés de capitaux — Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(C)

- (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the "**Substitute CPI Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

- (I) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (II) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year.

Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(2) Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the "**HICP**") is specified as the Index in the relevant Final Terms, this Condition 6(b)(iii)(B) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 6(b)(iii)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the "**HICP Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an "**Interest Determination Date**") the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 6(b)(iii)(B), the "**Inflation Index Ratio or IIR**" is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) (the "**Base Reference**") applicable on the date specified in the applicable Final Terms. Notwithstanding Condition 6(b)(xii)(C), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

"**HICP Daily Inflation Reference Index**" means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M-3) and the second month preceding such month (M-2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

"**ND_M**": number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

"**D**": actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

HICP Monthly Reference Index_{M-2}: price index of month M-2;

HICP Monthly Reference Index_{M-3}: price index of month M-3.

Notwithstanding Condition 6(b)(xii)(C), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence Française du Trésor* Reuters Screen page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

"**HICP Monthly Reference Index**" refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

(B) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(C)

(1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the "**Substitute HICP Monthly Reference Index**") shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{HICP Monthly Reference Index}_{M-13}}$$

In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

(iv) Minimum and/or Maximum Interest Rate and/or Rate Multiplier

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the applicable Final Terms the following definitions shall apply, unless otherwise specified in the applicable Final Terms:

"Benchmark" means, in respect of any calendar day (in respect of the definition of n) or, as applicable, Business Day (in respect of the definition of n_b) of an Interest Period, unless specified otherwise in the applicable Final Terms:

- if USD-LIBOR is specified as the applicable Benchmark in the Final Terms, the rate for deposits in United States dollars which is defined for such day under, and shall be determined by the Calculation Agent in accordance with, the Floating Rate Option "USD-LIBOR-BBA" (as defined in the ISDA Definitions) for a period (Designated Maturity) specified in the Final Terms (without reference to any Reset Date), except

that the screen page for the Benchmark will be the Reuters page LIBOR01;

- if EURIBOR is specified as the applicable Benchmark in the Final Terms, the rate for deposits in euro which is defined for such day under, and shall be determined by the Calculation Agent in accordance with, the Floating Rate Option "EUR-EURIBOR-Telorate" (as defined in the ISDA Definitions) for a period (Designated Maturity) specified in the Final Terms (without reference to any Reset Date), except that the screen page for the Benchmark will be the Reuters page EURIBOR01;
- if EUR-CMS is specified as the applicable Benchmark in the Final Terms, the annual swap rate for a euro denominated interest swap transaction which is defined for such day under, and shall be determined by the Calculation Agent in accordance with, the Floating Rate Option "**EUR-ISDA-EURIBOR Swap Rate-11.00**" (as defined in the ISDA Definitions) for a period ("**Designated Maturity**") specified in the Final Terms (without reference to any Reset Date), and appearing for the purpose of information only on Reuters Page "ICESWAP2" as at 11.00 a.m. (Frankfurt time); or
- if USD-CMS is specified as the applicable Benchmark in the Final Terms, the annual swap rate for a United States dollar denominated interest swap transaction which is defined for such day under, and shall be determined by the Calculation Agent in accordance with, the Floating Rate Option "**USD-ISDA-Swap Rate**" (as defined in the ISDA Definitions) for a period ("**Designated Maturity**") specified in the Final Terms (without reference to any Reset Date), and appearing for the purpose of information only on Reuters page "ICESWAP1" as at 11.00 a.m. (New York time);

For the purposes hereof the value of the Benchmark on any calendar day of a relevant Interest Period which is not a Business Day shall be deemed to be (i) such value ascribed to the Benchmark on the immediately preceding Business Day and (ii) the value of the Benchmark on each of the last four Business Days of any Interest Period shall be deemed to be such value ascribed to the Benchmark on the fifth Business Day preceding the Interest Payment Date relating to such Interest Period.

"**Minimum Rate of Interest**" means, in respect of an Interest Period, such minimum rate of interest specified in Part A, Item 15(l) of the applicable Final Terms. Unless a higher Minimum Rate of Interest is specified in the applicable Final Terms, the Minimum Rate or Interest (which, for the avoidance of doubt, shall include any applicable margin specified in the relevant Final Terms) shall be deemed equal to zero.

n means the number of calendar days in a specified Interest Period on which the Benchmark has been equal to or greater than the Minimum Rate of Interest and equal to or lower than the Maximum Rate of Interest, as determined by the Calculation Agent.

N means the total number of calendar days within an Interest Period.

n_b means the number of Business Days in a specified Interest Period on which the Benchmark has been equal to or greater than the Minimum Rate of Interest and

equal to or lower than the Maximum Rate of Interest, as determined by the Calculation Agent.

N_b means the total number of Business Days within an Interest Period.

"Maximum Rate of Interest" means, in respect of an Interest Period, such maximum rate of interest specified in Part A, Item 15(m) of the applicable Final Terms.

(v) **Determination of Rate of Interest and Calculation of Interest Amounts**

The Agent, in the case of Floating Rate Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **"Interest Amount"**) payable on the Floating Rate Notes in respect of each Specified Denomination, or if different, the Calculation Amount, for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, or if different, the Calculation Amount, multiplying such sum by the applicable Floating Day Count Fraction specified in Part A, Item 15(m) of the applicable Final Terms and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Floating Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

- (a) if **"Actual/365"** or **"Actual/Actual"** or **"Actual/365 (FBF)"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (b) if **"Actual/365 (Fixed)"** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (c) if **"Actual/Actual (FBF)"** is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during such period and whose denominator is 365 (or 366 if 29 February falls within the Interest Period). If the Interest Period is of a duration of more than one (1) year, the basis shall be calculated as follows:
 - (i) the number of complete years shall be counted back from the last day of the Interest Period; and
 - (ii) this number shall be increased by the fraction for the relevant period calculated as set out in the first paragraph of this definition;

- (d) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (e) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (f) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (g) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of an Interest Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).
- (h) if "**30E/360 (FBF)**" is specified in the relevant Final Terms, in respect of each Interest Period, the fraction whose denominator is 360 and whose numerator is the number of days elapsed during such period, calculated on the basis of a year comprising 12 months of 30 days, subject to the following the exception:

if the last day of the Interest Period is the last day of the month of February, the number of days elapsed during such month shall be the actual number of days,

where:

D1 (dd1, mm1, yy1) is the date of the beginning of the period

D2 (dd2, mm2, yy2) is the date of the end of the period

the fraction is:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)]$$

Without prejudice to sub-paragraph (vi) below, the determination of the Rate of Interest and calculation of the Interest Amount by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on all parties.

- (vi) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Paying Agent and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. If the relevant Floating Rate Notes are listed on a stock exchange, the Calculation Agent will cause the Rate of Interest and the Interest Amount to be notified to the stock exchange no later than the first day of the relevant Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14 (*Notices*).

For the purposes of these Conditions, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(vii) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6(b), by the Fiscal Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error or proven error) be binding on the Issuer, the Fiscal Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Fiscal Agent or the Calculation Agent (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(viii) Accrual of Interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date of its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to be calculated and to accrue as provided in this Condition 6 (*Interest*) until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five calendar days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Paying Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14 (*Notices*).

(ix) Fixed/Floating Rate Notes

Each Fixed/Floating Rate Note bears interest at a rate (i) that the Issuer may decide to convert at the date specified in the relevant Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) which shall be automatically converted from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate at the date specified in the relevant Final Terms.

(x) Zero Coupon Notes

Zero Coupon Notes are offered and sold at a discount to their nominal amount and will not bear interest other than in the case of late payment. Where a Note the Interest Basis of which is specified to be Zero Coupon in the relevant Final Terms and is repayable prior to the Maturity Date is not paid when due, the amount due and payable shall be calculated pursuant to Condition 8(m).

(xi) Calculation Agent

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(xii) Calculations and Adjustments

- (A) The amount of interest payable shall be calculated in respect of any period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure as set out below or otherwise in accordance with applicable market convention. Where the Nominal Amount of a Specified Denomination of a Note is divisible by more than one multiple of a Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each such multiple comprising the Specified Denomination without further rounding.
- (B) Where any Interest Period comprises two or more Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Accrual Periods.

- (C) For the purposes of any calculations referred to in these Terms and Conditions, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States Dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards, and (e) all Euro amounts will be rounded to the nearest cent, being Euro 0.01, with Euro 0.005 being rounded upwards.

7. PAYMENTS

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. Any payment validly made to any such Account Holders, or to any such Bank (as defined below) designated by any Noteholder, will be an effective discharge of the Issuer in respect of such payment.

(b) Materialised Notes

Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(g)(i)) or Coupons (in the case of interest, save as specified in Condition 7(g)(i)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank (as defined below).

"**Bank**" means a bank in the principal financial centre of the country for such Specified Currency or, in the case of euro, in a city in which banks have access to the TARGET 2 System.

Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) **Payments subject to Fiscal Laws**

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9 (*Taxation*). References to "**Specified Currency**" will include any successor currency under applicable law.

(d) **Appointment of Agents**

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each such case, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, *provided that* the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) a Paying Agent having its specified offices in at least one major European city, including in the case of Notes admitted to trading on a Regulated Market and so long as the rules of, or applicable to, the relevant Regulated Market so require, in such other city where the Notes are admitted to trading, (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 5 (*Redenomination*) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 15 (*Further Issues*), the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 (*Notices*).

(e) **Unmatured Coupons and unexchanged Talons**

- (i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any accrued interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon (together, where applicable, with the amount of any accrued interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Face Amount, Early Redemption Amount or Optional Redemption Amount, as

the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of twelve years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*)).

- (ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any accrued interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Notes.

(f) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10 (*Prescription*)).

(g) **Payment Day**

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the Holder thereof shall not be entitled to payment of the relevant amount due until the next following Payment Day in the relevant place and shall not be entitled to any interest or other payment in respect of such delay. In this Condition, "**Payment Day**" means any day which is:

- (i) in the case of Dematerialised Notes, on which Euroclear France is open for business, or in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms; and
- (ii) a Business Day (as defined in Condition 6(b)(i)).

(h) **Interpretation of Principal and Interest**

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (iii) unless otherwise specified in the relevant Final Terms, any additional amounts which may be payable with respect to principal under Condition 9 (*Taxation*);
- (iv) the Final Redemption Amount of the Notes;
- (v) the Early Redemption Amount of the Notes;
- (vi) the Optional Redemption Amount(s) (if any) of the Notes;
- (vii) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (viii) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 (*Taxation*).

8. REDEMPTION AND PURCHASE

(a) **Final Redemption**

Unless previously redeemed or purchased and cancelled as provided below, each Note will be redeemed by the Issuer at its Final Redemption Amount which shall be the nominal amount of such Note unless another amount is specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) **Redemption for Taxation Reasons**

If (i) as a result of any change occurring after the Issue Date of the Notes (or, if the Notes comprise more than one Tranche, the Issue Date of the first Tranche) in the laws of France, on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 9 (*Taxation*) (a "**Withholding Tax Event**") and (ii) such requirement cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may at its option but subject (x) in the case of Senior Non Preferred Notes, to Condition 8(n) and (y) in the case of Senior Preferred Notes to Condition 8(o), having given not less than 30 nor more than 60 calendar days' notice to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable) redeem, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), all of the Notes, but not some only, each at its Early Redemption Amount (which shall be stated in the notice) referred to in paragraph (f) together, if appropriate, with interest accrued to the date of such redemption, provided that no such notice of redemption shall be given earlier than 90 calendar days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Agent a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or

will become obliged to pay such additional amounts as a result of such change or amendment.

If (A) the Issuer has or will become obliged to pay additional amounts in accordance with Condition 9 (*Taxation*) and (B) the Issuer is prevented by law from paying such additional amounts (a "**Gross-Up Event**"), the Issuer may but subject (x) in the case of Senior Non Preferred Notes to Condition 8(n) and (y) in the case of Senior Preferred Notes to Condition 8(o), having given not less than 30 nor more than 60 calendar days' notice to the Noteholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem, at any time (in the case of Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes), all of the Notes, but not some only, each at its Early Redemption Amount (which shall be stated in the notice) referred to in paragraph (f) together with, if appropriate, interest accrued to but excluding the date of redemption, provided that no such notice of redemption shall be given earlier than 90 calendar days prior to the earliest date on which the Issuer would be required to pay the additional amounts were a payment in respect of the Notes then due.

Upon the expiry of any such notice as is referred to above, the Issuer shall be bound to redeem the Notes to which such notice refers in accordance with the relevant sub-paragraph.

For information only, Condition 14 (Notices) provides that the above notices to the Noteholders shall also be delivered in writing to the relevant stock exchange (or other relevant authority).

(c) **Final Terms**

The applicable Final Terms indicates either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in Condition 8(b) and (h) and, if applicable, in Condition 11 (*Events of Default*)); or

by then applicable regulations) if the Issuer is then subject to such requirements, provided that a MREL Disqualification Event shall not occur where such Series of Notes is excluded on the basis (1) that the remaining maturity of such Notes is less than any period prescribed by any applicable eligibility criteria under the MREL Requirements, or (2) of any applicable limits on the amount of eligible liabilities to meet the MREL Requirements.

"**MREL Requirements**" means the minimum requirement for own funds and eligible liabilities and/or total loss-absorbing capacity requirements applicable to the Issuer and/or the Group referred to in the BRRD, any other EU law or regulation and relevant implementing legislation and regulation in France.

For the purposes of Condition 8(b) and (h) above and, if applicable, Condition 11 (*Events of Default*), unless otherwise specified in the applicable Final Terms, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes but including Instalment Notes) with a Final Redemption Amount which is or may be lesser or greater than the Issue Price, at the amount set out in, or determined in the manner set out in, the applicable Final Terms or, if no such amount or manner is set out in the Final Terms, at their nominal amount; or

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of a 360-day year consisting of 12 months of 30 calendar days each and, in the case of an incomplete month, the number of days elapsed or such other calculation basis as may be specified in the applicable Final Terms.

- (iv) In the case of Inflation Linked Notes
 - (A) If the relevant Final Terms provides that Condition 8(g) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Notes pursuant to Condition 8(b) or upon it becoming due and payable as provided in Condition 11 (*Events of Default*), or the Optional Redemption Amount in respect of such Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = IIR x nominal amount of the Notes

"**IIR**" being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for

redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

- (B) If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

If the Inflation Linked Notes (whether or not Condition 8(g) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 6(b)(iii) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

For the purposes of Condition 11 (*Events of Default*), the Issuer will deliver (no later than the redemption of the last outstanding Note of the relevant Series) a notice in writing to the relevant stock exchange (or other relevant authority) stating the applicable Early Redemption Amount(s).

(k) **Purchases**

In the case of Senior Preferred Notes, subject to Condition 8(o) below, the Issuer may, at any time, purchase Notes in any manner at any price. In the case of Senior Non Preferred Notes, any such purchase shall be subject to Condition 8(n).

(l) **Cancellation**

All Notes redeemed or purchased for cancellation by or on behalf of the Issuer will be cancelled, in the case of Dematerialised Notes, together with all rights relating to payment of interest and other amounts relating to such Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Notes in question together with all unmatured Coupons and all unexchanged Talons. Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (d) or (e) or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (i)(iii) as though the references therein to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with Condition 14 (*Notices*).

(n) **Conditions to purchase and redemption of Senior Non Preferred Notes prior to Maturity Date**

As used herein the "**Relevant Date**" means the date on which such payment first becomes due but, if the full amount of the money payable has not been received by the Agent on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly published in accordance with Condition 14 (*Notices*).

No additional amounts will be payable for or on account of any deduction or withholding from a payment on, or in respect of, any Note where such deduction or withholding is imposed pursuant to Sections 1471 through 1474 of the Internal Revenue Code, any regulation or agreement thereunder, any inter-governmental agreement or implementing legislation adopted by another jurisdiction in connection with these provisions or any agreement with the U.S. Internal Revenue

10. **PRESCRIPTION**

11. **EVENTS OF DEFAULT**

(a) **Events of Default relating to Senior Preferred Notes**

In the case of Senior Preferred Notes, where the Events of Default (as defined below) are specified as applicable in the relevant Final Terms, the Representative (as defined in Condition 13 (*Representation of Noteholders*)), upon request of the holder of any Note may give notice to the Issuer that such Note is, and such Note shall accordingly become immediately due and repayable at its Early Redemption Amount (as described in Condition 8(h)) together, if appropriate, with interest accrued to the date of repayment, in any of the following events ("**Events of Default**"):

- (iii) if any Relevant Indebtedness (as defined below) of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment required under the terms of such Relevant Indebtedness on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Relevant Indebtedness becomes enforceable unless, in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such Relevant Indebtedness is due or that such security is enforceable; or
- (iv) if any order shall be made by any competent court or resolution passed for the winding-up or dissolution of the Issuer; or

In this Condition 11(a):

Relevant Indebtedness means Indebtedness (as defined in Condition 4) which (either alone or when aggregated with the nominal amount of any other such Indebtedness in respect of which any of the events described in (c) above have occurred) amounts to €50,000,000 (or its equivalent in other currencies) in aggregate nominal amount.

(b) **Enforcement**

If the Notes are Senior Non Preferred Notes or Senior Preferred Notes (unless, in the case of Senior Preferred Notes, the relevant Final Terms specifies that the Events of Default are applicable), then the Events of Default listed in Condition 11(a) above shall not apply to such Notes. However, the Representative (as defined in Condition 13 (*Representation of Noteholders*)), upon request of any holder of any Note may, give notice to the Issuer that such Note is, and such Note shall accordingly immediately become, due and repayable at its Early Redemption Amount (as described in Condition 8(h)) together, if appropriate, with interest accrued to the date of repayment, if any, in the event that an order is made or an effective resolution is passed for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer.

Mutilated or defaced Definitive Materialised Notes, Coupons or Talons must be surrendered before replacements will be issued.

13. REPRESENTATION OF NOTEHOLDERS

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**").

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the terms and conditions of the Notes.

The Masse will be governed by the provisions of L.228-46 *et seq.* of the French *Code de commerce*, as amended by this Condition 13, except that in respect of Series of Notes with a minimum denomination of less than €100,000 that are not being issued outside of France within the meaning of Article L-228-90 of the French *Code de commerce*, the Masse will be governed by the provisions

of the French *Code de commerce*, as amended, in which case the below provisions will not apply to it.

(b) **Representative**

The names and addresses of the Representative and its alternate (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed. Collective Decisions in relation to the appointment or replacement of the Representative shall be published in accordance with paragraph 13(j).

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the head office of the Issuer.

(c) **Powers of Representative**

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) **Collective Decisions**

Collective Decisions are adopted either (i) in a general meeting (the "**General Meetings**"), or (ii) by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Decisions**"), or (iii) by the consent of one or more Noteholders holding together at least 75 per cent. of the principal amount of the Notes outstanding, following a written consultation (the "**Written Majority Decisions**", and together with the Written Unanimous Decisions, the "**Written Decisions**").

In accordance with Article R. 228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

(e) **General Meeting**

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the nominal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two months after such demand, the Noteholders may commission them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with paragraph 13(j) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or Representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French *Code de commerce*, designate a provisional chairman until a new Representative has been appointed.

(f) **Written Decisions**

At the initiative of the Issuer, Collective Decisions may also be taken by Written Unanimous Decisions or Written Majority Decisions.

(i) **Written Unanimous Decision**

Written Unanimous Decisions shall be signed by or on behalf of all the Noteholders without having to comply with formalities and time limits referred to in paragraph 13(e). Approval of a Written Unanimous Decision may also be given by way of electronic communication allowing the identification of Noteholders in accordance with Article L.228-46-1 of the French *Code de commerce* ("**Electronic Consent**"). Any such decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Unanimous Decision may be contained in one

document, or in several documents in like form each signed by or on behalf of one or more of such Noteholders and shall be published in accordance with paragraph 13(j).

(ii) **Written Majority Decision**

Notices seeking the approval of a Written Majority Decision, which shall include the text of the proposed resolutions together with any report thereon, will be published as provided under paragraph 13(j) no less than fifteen (15) calendar days prior to the date fixed for the passing of such Written Majority Decision (the "**Written Majority Decision Date**"). Notices seeking the approval of a Written Majority Decision will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Majority Decision. Consistent with RCI Banque activity and regulation applicable to the banking business in France, new loans granted during the period are partially or fully financed through an increase of debt. Increase in new loans are closely linked to the general economic situation in the car industry and the sales performance of the Renault and Nissan Alliance. Depending on these factors, a variation of 10 per cent. of debt (increase or decrease) over a six-month period is not considered unusual given RCI Banque's activities. Debt increases are usually performed through:

- (i) public issues under existing EMTN programme, which are all publicly disclosed,
- (ii) bank loans, ABS transactions and private debt issuances, all of which are not publicly disclosed,
- (iii) as well as amounts payable to customers, including customer savings and term deposits accounts collected through the deposit taking activities.

3. Press release dated 14 September 2021

"Renault Group and its subsidiary RCI Bank and Services acquire a stake in heycar Group

- **Renault Group and RCI Bank and Services acquire a stake in the Mobility Trader Holding GmbH (heycar Group).**
- **The Mobility Trader Holding GmbH is the company that created the online used car sales platform "heycar", present in Germany, United Kingdom and Spain.**
- **Renault Group in close collaboration with its dealers will actively contribute to the development of the heycar platform in Europe by putting their inventory of used vehicles online and by contributing to the platform the business assets of Carizy, the French leader in the intermediation of used vehicle sales between retail customers, which is currently experiencing rapid growth in France.**

Renault Group and its subsidiary RCI Bank and Services, specialized in automotive financing and services, have acquired an equity stake in Mobility Trader Holding GmbH to contribute to the development of the heycar platform in Europe and with a view to its launch in France.

heycar is an online used car sales platform originally owned by Volkswagen AG and by Daimler that was launched in Germany (2017) in cooperation with VAPS (Volkswagen und Audi Partnerverband), the German dealer association. The platform is already operational in the United Kingdom (2019) and Spain (2020). Representing a large number of dealer groups of different brands at some 5,000 locations with more than 380,000 vehicles, it markets quality used vehicles online, sold by professionals to retail customers (B2C).

In a fast-growing used car market marked by digitalization, this acquisition will strengthen Renault Group's presence in the used car ecosystem through a high-quality digital experience. RCI Bank and Services will offer financing and services adapted to the specificities of used vehicles and to customers' needs, for each vehicle put online by Renault Group dealers.

Renault Group will contribute to the development of the heycar platform in France by bringing Carizy to the project, the French leading start-up in C2C intermediation. Carizy, acquired in 2018 by the Renault Group, has experienced strong growth in sales volumes in France and will complement the B2C offering of heycar to develop its C2C business starting in France.

"We are very pleased with this project with heycar, which in just a few years has become a key player in the online distribution of used vehicles. This agreement is in line with Renault Group's strategy to increase value creation at each stage of the vehicle life cycle. In line with the Re-Factory - the project to convert the Flins plant into a dedicated site for circular economy of mobility - through this partnership we intend to strengthen the competitiveness of our sales network across the entire used vehicle value chain: from procurement to after-sales, including reconditioning, marketing and sales of financing and services " said **Luca de Meo**, CEO Renault Group.

The completion of this acquisition is subject to the conditions normally applicable to this type of transaction, including the presentation to the respective boards of the involved parties, the employee representative

bodies in France in accordance with the applicable French regulations and the possible approval of the relevant competition authorities. It is expected to be completed in the fourth quarter of 2021."

- 2.3 million service contracts, up 18.8% compared to the first half of 2020

- Net banking income of €940 million, down 6.9% compared to the end of June 2020
- Cost of risk significantly improved to 0.16% of APA³ from 0.99% in the first half of 2020
- Group pre-tax income of €599 million

"In a turbulent economic context, RCI Bank and Services has shown its resilience and kept its commercial and financial performance at robust levels. With pre-tax income of €599 million, RCI Bank and Services continues to represent a strong contribution to Renault Group's results. These sound bases and the commitment of RCI Bank and Services' teams are key assets on which the group can count during the second half of the year"," said Clotilde Delbos, Chairman of the Board of Directors of RCI Banque S.A.

"RCI Bank and Services continued its activity in a context of recovery for the automotive market compared to 2020. This first half of the year was marked by a penetration rate of 44.3%, an increase of 1.3 points compared to the day before the health crisis. In recent months, our customers have confirmed their interest in our loyalty offers and our innovative services, including those dedicated to electric vehicles. This is evidenced by a record level of customer recommendation and a strong operating margin, both of which are the result of the commitment of our employees.", explains João Leandro, Chief Executive Officer of RCI Bank and Services.

RECORD CUSTOMER RECOMMENDATION LEVELS IN A RECOVERING GLOBAL AUTOMOTIVE MARKET

¹ Overall penetration rate excluding companies accounted for under the equity method (Russia, Turkey and India).

² The Net Promoter Score (NPS) is the percentage of customers who rate their probability of recommending a company, product or service to a friend or colleague as 9 or 10 ("promoters") minus the percentage who rate this probability as 6 or less ("detractors") on a scale of 0 to 10. Result of a survey of retail customers of new and used vehicles who are mid-contract, in 22 countries.

³ Average performing assets (APA) correspond to average loans outstanding plus assets relating to operational leasing activities. For customers, APA corresponds to average performing assets at the end of the month. For the network, APA corresponds to daily average performing assets.

In a car market that recovered by 32.3% in countries where the RCI Bank and Services' subsidiaries operate⁴, the Alliance brands' volumes stood at 1.5 million vehicles in the first half of 2021. RCI Bank and Services' penetration¹ rate reached 44.3%, up 1.3 points compared with the first half of 2019⁵.

The volume of new vehicle financing contracts stood at 537,536 at the end of June 2021. The used vehicle financing business grew by 13.5% with 178,684 contracts at the end of June 2021. Thus, the total volume of new financing contracts amounted to 716,220 contracts in the first half of 2021, for a total amount of new financings of €8.7 billion, up from €7.7 billion in the first half of 2020. This overall increase is also due to the increase in the average financed amount (€12,200 instead of €11,800 in the first half of 2020).

In the first half of the year, RCI Bank and Services continued its offensive on leasing offers. These offers make it easier for customers to renew their vehicles while benefiting from competitive monthly payments. 44% of the group's customers have subscribed to this type of offer (+4 points compared with the first half of 2020), with this proportion exceeding 80% in the most mature markets. Customers appreciate flexible offers, such as leasing formulas in France that allow customers to stop their financing contract after six months free of charge, or allowing electric vehicle customers to have a combustion vehicle for a certain period in France and Spain. This electric vehicle service has made a significant breakthrough in France (+15% increase of the penetration rate).

Service activity saw a 18.8% increase in volumes versus the previous year. 2.3 million insurance and service contracts were sold in the first half of 2021 (more than 3.2 services per financing contract).

RCI Bank and Services concludes the first half of 2021 with a record level of customer recommendation, achieving a Net Promoter Score² of +52 points, 5 points higher than the previous year. This result reflects the main focus of the group: put customers at the heart of its actions.

RCI BANK AND SERVICES CONSOLIDATES A ROBUST OPERATING PROFIT

Excluding currency effect, customer average performing assets⁶ were stable at €37.5 billion. The reduction in dealer inventories, linked to the shortage of semi-conductors, which impacts vehicle manufacturing, and the network vehicle inventory optimization strategy implemented by Renault Group brands, led to a -23.2% drop in network average performing assets, which stood at €7.9 billion. Overall, RCI Bank and Services' average performing assets decreased by 5.5% compared to the first half of 2020 to reach €45.5 billion.

Net banking income (NBI) reached €940 million, down by almost 7% compared to the end of June 2020, correlated with the drop in average performing assets. The contribution of service activities to NBI increased slightly compared to the first half of 2020 and now represents more than one third of NBI.

The cost of risk on the Customer business (retail customer and corporate customer financing) improved significantly to 0.32% of APA in the first half of 2021 compared to 1.15% of APA last year. This improvement is explained by the reversal of provisions following a significant improvement in the amounts recovered from lockdowns in the various countries where the group operates. The coverage rate of our customer exposures at risk increased slightly to 2.2%.

In the Dealership network business (dealer financing), the decline in performing assets at the end of June 2021 (-18.0%) led to reversals of provisions. The cost of risk for the first half of the year is an income corresponding to -0.56% of the APA against a charge of 0.38% the previous year.

The total cost of risk is therefore 0.16% of APA compared to 0.99% in the first half of 2020.

The operating costs amounted to €305 million against €308 million in the first half of 2020, showing RCI Bank and Services' capacity to adjust to its operating costs. Operating costs represent 1.35% of APA.

⁴ RCI Bank and Services operates in 36 countries.

⁵ The penetration rate is down by 3.4 percentage points compared to the first half of 2020 due to the distortion of the mix during this period as a result of containment measures.

⁶ Customer average performing assets were down slightly (-0.7% vs. end of June 2020) to €37.5 bn compared to 1st half of 2020.

Supported by the net improvement in the cost of risk, the pre-tax income amounted to €599 million, an increase of 26.6% compared to 2020 over the same period.

DEPOSITS INCREASE SLIGHTLY IN A CONTEXT OF LOW FINANCING NEEDS

Funding requirements remained modest and the group took a number of initiatives to reduce its liquidity reserve which had reached an all-time high at the end of 2020. In this context, RCI Bank and Services has not issued on the bond market and has sought to slow the pace of growth in customer savings, which have increased by €0.6 billion since 31 December 2020 to €21.1 billion, representing growth of 3% compared with 15% in 2020.

RCI BANK AND SERVICES IS ALREADY COMMITTED TO ACHIEVING ITS OBJECTIVES IN 2021

In 2021, RCI Bank and Services has affirmed that the satisfaction of its four customers (end customers, Alliance manufacturers, dealers and employees) is central to its ambitions. In the space of six months, the RCI Bank and Services group has already completed major projects in line with its **four priorities**:

- Several offers make it possible to **propose more digital paths to customers, via a "phygital" approach with an ultra-personalised purchasing path**, drawing on the strengths of e-commerce. For example, Renault Easy Lease is implementing a fully omnichannel path in Italy such as Renault On Demand in Brazil. In France, a 100% digital path applies to the stock of new Renault vehicles, as well as to RRG's online catalogue. The share of contracts taken out online has jumped in South Korea.
- With the aim of **moving from selling cars to selling kilometres**, RCI Bank and Services has launched even more flexible usage-based offers packaged with services, in particular for Renault and Dacia in France, but also experiments based on the subscription principle in several countries, leading to the acquisition of the car subscription company Bipi in July.
- With the improvement of its cost of risk, the control of its consolidated operating profit, and the launch of collecting savings in the Netherlands at the beginning of July in cooperation with the fintech Raisin.nl, RCI Bank and Services is pursuing one of its ambitions: **to consolidate and optimise its business model, maintaining a high level of profitability**, applying strict control of its structural costs and making the best possible use of its main sources of financing and its capital. To this end, RCI Bank and Services has chosen to steer its profitability using the RORWA7, a standard indicator in the banking industry that measures the bank's profitability in relation to its risk-weighted assets and aims to achieve a minimum RORWA of at least 1.9%.
- RCI Bank and Services is developing **new working methods and organisations**, by relying both on collective intelligence and the expertise of each employee and their ability to take risks. With more than 150 employees already involved in tribes and *squads* dedicated to subjects as varied as CSR, customer onboarding and compliance, RCI Bank and Services also aligned with the Renault Group's brand organisation in order to integrate ever more closely with the commercial strategies of the carmaker brands."

5. Press release dated 27 July 2021

"RCI Bank and Services enters the car subscription market with the acquisition of Bipi

- In July 2021, RCI Bank and Services, the Renault Group's automotive captive, acquired Bipi, a multi-brand platform that is a reference in *car subscription* offers for used vehicles, a growing segment.
- RCI Bank and Services will support Bipi to accelerate its growth and to open new markets, together with Bipi's current supply partners and in conjunction with RCI Bank and Services' dealership partners.

- Through this acquisition, RCI Bank and Services will extend its range of flexible all-inclusive products with multi-brand subscriptions dedicated to used vehicles. Bipi will also enable the design of *subscription* formulae for Mobilize's activities, in order to meet the new expectations of car drivers.

Car subscription represents a market of the future which meets new uses by motorists and customers of car manufacturers. This investment and the integration of Bipi within RCI Bank and Services will contribute to the strategy of the Renault Group and particularly its Mobilize brand, through the development of offers that are more and more flexible and focused on new mobility needs.

Founded in 2018 in Spain, Bipi is now present in Spain, France and Italy. With 120 employees, it has serviced more than 10,000 customers in the last 3 years. Its subscription offer provides a turnkey solution, from the subscription to the return of the vehicle. Everything is included in one monthly payment, avoiding any surprises or unexpected expenses for the customer. The customer creates a tailor-made subscription: he chooses the duration of use of the car (from 1 to 36 months) and can change the mileage, the category or model of car according to his needs. They can terminate their subscription at any time and in full transparency.

Car subscription: a buoyant market with a growing demand for flexibility

Car subscription offers, ultra-flexible car subscriptions, are a recent and growing rental option in the car services market. They are positioned halfway between long-term rental formulae and short-term rental, to offer maximum flexibility and freedom of choice to the user. *Car subscription* thus provides answers to a new need on the part of customers, in addition to the offers already sold via the distribution dealership networks of Renault Group brands. Market experts estimate that this new segment could represent a significant share of the car financing market.

RCI Bank and Services has been experimenting and exploring the prospects of this emerging market, through initiatives and offers launched in several countries with local partners. These experiments made it possible to measure the commercial development prospects that this new market represents for the Renault Group brands and their distribution networks - particularly for second-hand vehicles.

This exploration phase confirmed the strategic challenge of investing in this recent and dynamic market for the group, particularly in the service of future offers proposed by the Mobilize brand.

RCI Bank and Services will use Bipi's strengths to develop *car subscription* journeys and offers in close collaboration with Mobilize and the dealers

RCI Bank and Services has therefore chosen to integrate the Bipi company to deploy turnkey *car subscription* offers. The Bipi company has many assets to act with relevance on the *car subscription* market: a multi-brand platform, equipped with a turnkey offer combining complete logistics in a 100% digital process, it will enable the group to intervene rapidly on this buoyant market.

The Bipi platform's technology will enable Mobilize to develop flexible subscription services in a simple, accessible way that meets the expectations of its customers, who consume their mobility differently, in their personal or professional sphere. With Bipi, RCI Bank and Services will thus be able to complete its range of offers with hyperflexible products, alongside the flexible leasing offers and loyalty products already offered by the group.

"Renault Bank, the savings offer of Renault Group, enters the Netherlands via savings platform Raisin.nl

- Renault Bank's first Dutch offer exclusively available on deposits marketplace Raisin.nl
- Renault Bank's 0.35% p.a. interest rate on overnight money accounts is one of the best in market

- Renault Bank is a savings offer developed by RCI Bank and Services, the Renault Group automotive captive
- A launch in line with RCI Bank and Services's strategy of diversifying its refinancing sources

The Renault Group automotive captive RCI Bank and Services and fintech Raisin DS have announced their new exclusive cooperation to bring the bank's first retail banking offer to the Netherlands through the Renault Bank brand. Raisin Netherlands (<https://www.raisin.nl>), a platform operated by the German wealth management fintech Raisin DS, now features the Renault Bank overnight money account with a top interest rate for the Dutch market of 0.35% p.a.

Renault Bank becomes Raisin Netherlands' first French bank

Today marks the first time a Renault Bank offer is available on a savings marketplace. Simple, effective, and secure, the Renault Bank overnight deposit provides the same benefits as the other savings products offered by RCI Bank and Services around the world. Launched with the Zesto account in France in 2012, RCI Bank and Services' savings business has continued to grow and is available in seven countries: France, Germany (since 2013), Austria (2014), the United Kingdom (2015), Brazil (2019), Spain (2020) and now the Netherlands (via Raisin). At the end of December 2020, the net collected deposits of RCI Bank and Services totaled 20.5 billion euros or 43% of the company's net assets.

The Renault Bank offer is Raisin Netherlands' first French product and Raisin DS's 18th partner bank available in the Netherlands. With this new addition, Raisin.nl is the largest cross-border savings marketplace in the Netherlands, with the widest selection of partner banks and saving products on a Dutch deposit platform.

"Extending our savings activity, thanks to the launch of Renault Bank in the Netherlands, aligns with our goal of continuing to diversify RCI Bank and Services refinancing sources, without depending on just one source of liquidity. This partnership with Raisin also reinforces our continuous path of digital transformation to offer the best experience to our customers," explains João Leandro, CEO of RCI Bank and Services.

"RCI Bank and Services' selection of Raisin DS as its partner of choice and market entry point for the Netherlands is a real vote of confidence in our business model and customer base. As a market leader, Raisin is perfectly positioned to deliver transparent, flexible access for all parties involved – for Renault Bank it means access to the Dutch market, and for Dutch consumers access to competitive options like the Renault Bank offer," adds Raisin DS Co-CEO Dr. Tamaz Georgadze."

"RCI Banque discloses updated binding MREL requirement

RCI Banque has received the notification from ACPR, the French Prudential and Resolution Supervision Authority, implementing the decision of the Single Resolution Board (SRB) and discloses its updated binding minimum requirement for own funds and eligible liabilities (MREL⁽¹⁾).

MREL requirement is no longer defined on consolidated basis but has been set on an individual basis for both RCI Banque S.A and its French subsidiary DIAC S.A.

RCI Banque S.A. MREL requirement has been set at 8% of total risk exposure amount (TREA⁽²⁾) and 3% of leverage ratio exposure (LRE⁽³⁾).

As of today, RCI Banque S.A. already complies with this MREL requirement. Future requirements will be subject to ongoing review.

- (1) *MREL: Minimum Requirement for own funds and Eligible Liabilities. The Bank Recovery and Resolution Directive (BRRD) requires European banks to maintain a minimum amount of Own Funds and Eligible Liabilities that could absorb losses and allow them to restore their capital position, allowing banks to continuously perform their critical economic functions during and after a crisis. MREL represents one of the key tools in enhancing banks' resolvability. The purpose of this buffer of own funds and eligible liabilities is to avoid banking authorities having to resort*

to public funds. The MREL is set by the Single Resolution Board (SRB) on a per institution basis. The MREL requirement for RCI Banque is defined at an individual level.

- (2) "TREA" means the total risk exposure amount calculated in accordance with Article 92(3) of Regulation (EU) No 575/2013*
- (3) "LRE" or "leverage ratio exposure" means the total exposure measure calculated in accordance with Articles 429 and 429a of Regulation (EU) 575/2013"*

SUBSCRIPTION AND SALE

The Dealers have in a Programme Agreement dated 10 November 2021 (the "**Programme Agreement**", which expression includes the same as it may be updated or supplemented from time to time), agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement for any particular purchase by a Dealer will extend to those matters stated under *Terms and Conditions of the Notes* and *Form of the Notes* above. The Issuer may pay the Dealers commissions from time to time in connection with the sale of any Notes. In the Programme Agreement the Issuer has agreed to reimburse and indemnify the Dealers for certain of their expenses and liabilities in connection with the establishment of the Programme and the issue of the Notes. The Dealers are entitled to be released and discharged from their obligations in relation to any agreement to issue and purchase Notes under the Programme Agreement in certain circumstances prior to payment to the Issuer.

The distribution of this Base Prospectus and the offer, distribution or sale of Notes may be restricted by law in certain jurisdictions. Neither the Issuer nor any of the Dealers represents that this document may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which would permit a public offering of the Notes outside the EEA or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations; and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the United Kingdom, the EEA (Belgium, Italy, the Netherlands and France) and Japan.

(a) **United States**

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered or sold within the United States or to U.S. persons. Each of the Dealers has agreed that, except as permitted by the Programme Agreement, it will not offer, sell or deliver the Notes within the United States or to U.S. persons. In addition, until 40 calendar days after the commencement of any offering, an offer or sale of Notes from that offering within the United States by any dealer whether or not participating in the offering may violate the registration requirements of the Securities Act.

(b) **Prohibition of Sales to EEA Retail Investors**

Unless the relevant Final Terms in respect of any Notes specify "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA.  - (ii) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

provided that no such offer of Notes referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.
