1 RISK FACTORS RELATING TO SOCIÉTÉ GÉNÉRALE EFFEKTEN GMBH

In this section, the risks specific to Société Générale Effekten GmbH (the "**Issuer**", the "**Company**" or "**SGE**" and together with its consolidated subsidiaries Société Générale Securities Services GmbH, Aschheim ("**SGSS**") and ALD Lease Finanz GmbH, Hamburg ("**ALD LF**") the "**SGE Group**") are set out. The following risk factors are presented in risk categories (sections 1 and 2) depending on their nature whereby in each risk category the two most material risk factors according to the Issuer are set out first. The respective most material risk factors are marked in with a grey frame. The risk factors which are not marked in grey are not ranked in order of their materiality within the respective category.

The assessment of materiality of each risk factor has been made by the Issuer as of the date of this Registration Document on the basis of the probability of their occurrence and the expected magnitude of their negative impact on the Issuer. The assessment of materiality is disclosed by specifying whether a risk

- results in **losses** or in **negative** or **adverse impacts/effects** on the Issuers results of operations or profitability. In this context the expressions "material" and "significant" denote a higher expected magnitude of materiality of the respective risk. As a result of the occurrence of any such risks, the market value of securities which are issued by the Issuer can fall significantly, and investors in such securities may lose parts of their investment; or
- has a **material adverse effect** on any or all of the Issuers issuance business or results of operations or may result in an insolvency of the Issuer which denotes an even higher expected magnitude of materiality of the respective risk. If any of such denoted risks materialise, the market value of securities which are issued the Issuer can fall significantly or even to zero. Furthermore, the issuer may not be able to fulfil its obligations under the securities which are issued by it. Accordingly, investors in securities which are issued by the Issuer may lose parts of their investment or their entire investment (**risk of total loss**).

1.1 Risks resulting from the specific business structure of Société Générale Effekten GmbH

1.1.1 Risks resulting from the Issuer's limited own assets

In accordance with its articles of association, the sole purpose of the Issuer is to issue and sell securities and engage in associated activities, as well as to purchase, sell, hold and manage its own interests in other companies in Germany and abroad, particularly those in the financial and service area.

The Issuer has only a limited liable capital stock amounting to EUR 25,564.59. By acquiring securities from the Issuer, investors are therefore exposed to a considerably higher credit risk compared to an issuer with much greater capital resources. Accordingly, if the Issuer, in light of its limited capital stock, is unable to fund payments under securities issued by it, the Issuer's issuance business will be materially adversely effected as the Issuer will not or only partially be able to fulfil its obligations arising from such securities.

Investors in securities may therefore lose parts of their investment or their entire investment (**risk of total loss**).

1.1.2 Risks resulting from the Issuer's dependency on Société Générale

The Issuer will issue securities based on one of the two issuance structures set out below in order to fund payments on the securities:

- the Issuer enters into a hedging transaction with Société Générale in relation to the respective securities or
- the Issuer enters into a trust agreement with Société Générale.

In each case a limited recourse applies with respect to rights of creditors against the Issuer if the Issuer is subject to payment shortfalls. This results in the following risks depend on the structure of the respective issuance and are set out separately.

aa) Risks in case of hedging transactions with Société Générale in relation to the respective securities

The Issuer may enter into hedging transactions with Société Générale in relation to the securities. In this case, relevant hedging transactions are intended to cover the amount of any payments due under the securities issued by the Issuer. If the financial resources provided by Société Générale as guarantor from these hedging transactions ultimately prove to be insufficient to fully satisfy the claims of all holders of securities issued under the guarantee structure, the terms and conditions of the securities will provide that the claims of the holders of such securities will lapse pro rata to the amount of the shortfall incurred by the Issuer. This means that recourse to the issuer is limited to any actual proceeds received from Société Générale (Limited Recourse). There are no further claims of the holders of such securities against the Issuer, irrespective of whether the Issuer would be in a position to settle its payment obligations from the securities with other means at its disposal. The holders of such securities are therefore exposed to the credit risk of Société Générale. Therefore, in the case of an insolvency of Société Générale investors may lose parts of their investment or their entire investment (**risk of total loss**).

bb) Risks in case of a trust agreement entered into with Société Générale in relation to the securities

Pursuant to the trust agreement entered into between Société Générale Effekten GmbH and Société Générale as guarantor (the "**Trust Agreement**") Société Générale Effekten GmbH as issuer commits, inter alia, to (i) issue and to redeem such securities on a fiduciary (*treuhänderisch*) basis in its own name (*im eigenen Namen*) but for the account (*für Rechnung*) of Société Générale (ii) collect any proceeds resulting from the issuance of the securities (*Emissionserlöse*) and to deliver such proceeds to Société Générale and (iii) use the funds made available by Société Générale pursuant to the Trust Agreement for payments owed in the Issuer's own name but for the account of Société Générale (whereby the funds correspond to the amounts of the payments made by the Issuer pursuant to the securities at maturity, and enable them to meet its payment obligations in a timely manner). The ability of the Issuer to meet its payment obligations under the securities in full depends on the Issuer receiving in full the amounts which Société Générale is obliged to pay to it under the Trust Agreement.

As a result of the trust arrangement under the Trust Agreement, the holders of such securities are directly dependent on the credit risk of Société Générale. To the extent the funds to be received from Société Générale under the Trust Agreement prove ultimately insufficient to satisfy the claims of all holders of such securities in full, then the claims of the securityholders will be extinguished proportionately in the amount of the Issuer's shortfall arising therefrom and no securityholder has any further claims (except for any termination or early redemption rights of the securityholders) against the Issuer. This applies irrespective of whether the Issuer would be able to make such payments out of other funds available to it (limited recourse).

Therefore, in the case of an insolvency of Société Générale investors may lose parts of their investment or their entire investment (**risk of total loss**).

1.1.3 Risks relating to the insolvency of hedging counterparties of the Issuer

Investors are also exposed to the insolvency risk of the parties with whom the Issuer concludes derivative transactions to hedge its obligations from the issue of securities. As opposed to an issuer with a more diversified range of potential contracting parties, the Issuer is subject to a cluster risk as it only concludes hedging transactions with affiliated companies in relation to the securities. In this context, cluster risk is the credit risk resulting from the limited range of potential contracting parties with whom various hedging transactions can be conducted. An insolvency of companies affiliated to the Issuer may have a material adverse effect on the Issuer's issuance business and directly trigger the insolvency of the Issuer. In this case investors may lose parts of their investment or their entire investment (**risk of total loss**).

1.1.4 Market Risk

The Issuer is primarily engaged in issuing and selling securities. The Issuer's activities and annual issue volume may be influenced by negative trends on the markets in which it operates. Difficult market conditions, however, may lead to a lower issue volume.

The general market trend for securities is primarily linked to capital market trends, themselves shaped by the global economy as well as economic and political factors at national level (market risk). Difficult market conditions, and a negative development of the capital markets can have a material adverse effect on the Issuer's issuance activities and results of operations as the Issuer's main business activity comprises the issue and sale of securities. If the market risk materialises investors may lose parts of their investment or their entire investment (**risk of total loss**).

1.2 Risks relating to the Issuer on the level of the SGE Group

Following the acquisition of two subsidiaries the Issuer is the parent company of the SGE Group as of 1 January 2017. In the following the most material risks of the Issuer on the level of the SGE Group are set out.

1.2.1 Counterparty Default Risks

The SGE Group is subject to counterparty default risks. Counterparty default risks refer to risks of losses arising from the inability of the SGE Group's customers, issuers or other counterparties to meet their financial commitments. Within the SGE Group receivables under operating leases, customer receivables, collectible income presented in other assets, and loan commitments and issued guarantees are subject to credit default risk, which is accounted for as an impairment or loss allowance in the amount of the expected credit loss. As at 31 December 2023 in the area of purchase financing, the SGE Group managed 867 exposures, with the 10 largest borrowers accounting for 28% of the credit lines granted. Within the SGE Group in particular ALD LF's lending and leasing business, which is part of the Financial Services to Corporates and Retails segment, is subject to counterparty default risks. At year end 2023, total expected and unexpected credit risks in sales and dealer financing (credit value at risk) amounted to EUR 88.6 million (previous year: EUR 82.5 million). If the counterparty default risks materialise for the SGE Group, this could have a material adverse effect on the Issuer's results of operations as parent company of the SGE Group.

1.2.2 Residual Value Risks

The SGE Group is subject to the residual value risks. The residual value risk refers to the risk in leasing that the residual value of a leased asset cannot be realised at the calculated residual value or that the leased asset is not taken over by the lessee. The residual value risk arises in connection with the leasing business of ALD LF which is part of the segment Financial Services to Corporates and Retails. The percentage of vehicles for which ALD LF assumes the residual value risk is 37% (previous year: 48%). If the residual value risks materialise this could have a

significant negative effect on the Group's and in turn the Issuer's results of operations.

1.2.3 Compliance and Legal Risks

The SGE Group is subject to compliance and legal risks. Compliance risk refers to the risk of court-ordered, administrative or disciplinary sanctions, or of material financial loss, due to failure to comply with the provisions governing the SGE Group's activities. Compliance risks within the SGE-Group mainly occur within the asset management.

The SGE Group is exposed to risks from legal disputes or proceedings involving investors, authorities, or business partners in which it is either currently involved or which could arise in the future. In addition, the SGE Group and its products are subject to constant tax and regulatory audits.

The outcome of current, pending, or future audits and proceedings relating to the SGE Group cannot be foreseen; as a result, expenses of the SGE Group can be incurred due to decisions handed down by courts or other authorities or the agreement of settlements that are not covered in full or in part by insurance benefits.

Any ongoing or future investigations, examinations, legal disputes or proceedings due to possible violations of legal provisions or regulatory requirements by the SGE Group may result in criminal or civil sanctions including monetary penalties and other financial disadvantages, adversely impact the reputation and ultimately have a negative impact on the results of operations of the SGE Group and in turn of the Issuer.

1.2.4 Operational Risks

The SGE Group is subject to operational risks. Operational risks are risk of losses resulting from inadequacies or failures in processes, personnel or information systems, or from external events. Operational risks is especially important in the Financial Services to Corporates and Retail segment, which is part of the ALD LF, as this segment performs the function of fraud prevention, which monitors new business and the loan portfolio, identifies suspicious events and initiates measures to mitigate losses and also educates our employees.

In the Asset Management segment, an additional non-compliance risk (including legal and tax risks) has been identified within the SGE Group. The non-compliance risk refers to the risk of contractual or regulatory penalties or fines or other material financial losses resulting from non-compliance with regulatory and contractual provisions. There is a risk that the SGE Group will be liable to recourse as a result of violations of statutory or contractual provisions or due to breaches of a duty to exercise due care and diligence vis-à-vis investors. Accordingly, the realisation of operational risks may have an adverse effect on the SGE Group's and in turn on the Issuer's results of operations.

2 RESPONSIBILITY FOR THE INFORMATION IN THE REGISTRATION DOCUMENT

Société Générale Effekten GmbH, Frankfurt am Main, as the Issuer, and Société Générale, Paris (France), as the offeror and as guarantor, assume responsibility for the information contained in this Registration Document.

They declare that to the best of their knowledge, the information contained in the Registration Document is in accordance with the facts and that the Registration Document makes no omission likely to affect its import.

3 STATEMENT ON THE BAFIN APPROVAL

Potential Investors should note that:

- a) this Registration Document has been approved by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht* ("**BaFin**"), as competent authority under Regulation (EU) 2017/1129;
- b) BaFin only approves this Registration Document as meeting the standards of completeness, comprehensibility and consistency imposed by Regulation (EU) 2017/1129;
- c) such approval should not be considered as an endorsement of the Issuer that is the subject of this Registration Document.

4 AUDITOR

The consolidated financial statements of Société Générale Effekten GmbH, Frankfurt am Main prepared in accordance with the IFRS reporting standards for the financial year 2023 (from 1 January 2023 to 31 December 2023) as well as the consolidated financial statements of Société Générale Effekten GmbH, Frankfurt am Main prepared in accordance with the IFRS reporting standards and the annual financial statement of Société Générale Effekten GmbH, Frankfurt am Main prepared in accordance with the HGB reporting standards for the financial year 2022 (from 1 January 2022 to 31 December 2022) have been audited by Deloitte GmbH Wirtschaftsprüfungsgesellschaft, Europa-Allee 91, 60486 Frankfurt am Main.

Deloitte GmbH Wirtschaftsprüfungsgesellschaft, Europa-Allee 91, 60486 Frankfurt am Main, is and was at the time of the above-mentioned audits, a member of the public law institution German Chambers of Auditors ("Wirtschaftsprüferkammer K.d.ö.R."), Rauchstrasse 26, 10787 Berlin.

5 INFORMATION ON THE ISSUER

5.1 History and development

Société Générale Effekten GmbH has its registered office in Frankfurt am Main and is entered in the commercial register of Frankfurt local court under no. HRB 32283. It came into existence after LT Industriebeteiligungs-Gesellschaft mbH, which was founded on 3 March 1977, was renamed by resolution of the shareholders' meeting on 5 October 1990. Société Générale Effekten GmbH was founded as a limited liability company (*Gesellschaft mit beschränkter Haftung* - GmbH) under German law. Société Générale Effekten GmbH is the legal and commercial name of the Issuer. Its Legal Entity Identifier (LEI) is 529900W18LQJJN6SJ336.

The Issuer acquired the interests in Société Générale Securities Services GmbH ("**SGSS**"), Aschheim, and ALD Lease Finanz GmbH (hereinafter referred to as "**ALD LF**"), Hamburg, including its subsidiaries (the Issuer, SGSS and ALD LF together the "**SGE Group**"), with the execution of the purchase agreement on 1 January 2017.

The business address and telephone number of the Issuer are:

Société Générale Effekten GmbH
Neue Mainzer Straße 46–50
60311 Frankfurt am Main
Tel. 069/71 74 0

The fully paid-in capital stock of Société Générale Effekten GmbH amounts to EUR 25,564.59. All shares in the Company are held by Société Générale.

The website of the Issuer is <http://www.sg-zertifikate.de>[#].

5.2 Business overview

The business purpose of the Issuer, as stipulated in its articles of association, is to issue and sell securities and engage in associated activities, as well as to purchase, sell, hold and manage its own interests in other companies in Germany and abroad, particularly those in the financial and service area generally, but excluding those activities and interests that would require authorization for the Issuer itself or would result in the Issuer being classified as a (mixed) financial holding company.

The SGE Group operates in three segments that are managed respectively by SGE, SGSS and ALD LF.

SGE is a wholly owned subsidiary of Société Générale, Frankfurt, which is a branch of Société Générale., Paris ("**SG**"). The purpose of the Issuer is to issue securities (bonds, warrants and certificates) that are both sold in their entirety via the parent company Société Générale, Paris and via Group companies. Accordingly, the principal financing of the Issuers' activities is the sale of Securities to the companies of the Société Générale Group (consisting of the parent company Société Générale, Paris and its affiliates) (the "**SG Group**"). In addition, there is a cost agreement (cost-plus-agreement) with Société Générale, Paris and Société Générale, Frankfurt under which the personnel and other operational costs of the Issuer are passed on to Société Générale, Paris and Société Générale, Frankfurt.

All counterparties are 100% subsidiaries of the Société Générale Group. Another area in which the Issuer is active is the acquisition and holding and management of equity investments.

[#] With the exception of the information in section "6 INFORMATION INCORPORATED BY REFERENCE" any information on the websites referred to in this Registration Document does not form part of the Registration Document and has not been scrutinised or approved by BaFin.

SGE is one of the leading issuers of derivative securities in Germany. The securities issued by it are offered to the public in one or more countries of the European Economic Area and in Switzerland. The securities may also be admitted to trading on a regulated market or a multilateral trading facility in the European Economic Area or on a Swiss stock exchange. These currently include the stock exchanges in Frankfurt, Stuttgart, Madrid, Barcelona, Milan, Paris, Stockholm and Zurich.

Following the acquisition by the aforementioned counterparties, Société Générale, Paris, places offerings with the ultimate buyers in a second step in such a manner that it does not have an impact on the economic situation of SGE.

Issuance activity increased by 6.2% year-on-year in the 2023 financial year (2023: 544,197 products issued; 2022: 579,956 products issued). In 2023, a total of 28,925 investment products were issued (previous year: 28,592). In addition, 515,272 leveraged products were issued (previous year: 551,364). 78% of the issuance business was attributable to the German market and 22% to foreign markets (of which: 48% France; 26% Scandinavian market, 11% Switzerland, 9% Benelux and 4% Iberian market and Italy 2%).

As an independent leasing company not affiliated with any manufacturers, ALD LF is according to the appraisal of the Issuer a professional and reliable partner to car dealers. Its aspiration is to promote the independence of car dealerships with its service portfolio and to increase the profitability of car dealers.

Together with cooperation partners, in particular the subsidiary Bank Deutsches Kraftfahrzeug-gewerbe GmbH (hereinafter referred to as "**BDK**"), Hamburg, car dealerships and their customers are offered financing solutions and services covering all their automotive needs. The product range covers the financial products in the dealership: sales financing and leasing, purchase financing and insurance that increase the loyalty of the customers to the dealership and thus increase earning opportunities. As a subsidiary of ALD LF, BDK also works with several manufacturers and importers together, assuming a portion of the captive business up to and including the complete servicing of a manufacturer bank.

Digital services, which support dealers in the digital transformation by enabling them to effectively reach customers online, are an important part of the product portfolio (these services include the DIGEO New Car Configurator and the DIGEO Customer Calculator as tools to be integrated into dealers' websites, the omni-channel solution ju-connect, the digital financing application, and our used car platform JuhuAuto).

All essential sales and processing functions are shown in connection with the provision of services by employees of BDK. Therefore, the cooperation partners and customers receive the service for all products from one source.

SGSS was an asset management company as defined under sections 17 and 18 of the Investment Code (*Kapitalanlagegesetzbuch*, KAGB). The business model of SGSS involved the management of investment funds in connection with the so-called Master AMC Model as well as the insourcing of fund management from other asset management companies. Direct investments continued to be managed. This service was provided primarily to European customers. The Master AMC business and the administration of direct investments was completely discontinued as of 31 December 2022.

The discontinuation of all the business operations of SGSS as of 31 December 2023 was decided by resolution of the Supervisory Board dated 14 November 2022 and by resolution of the shareholder on the same date. After that, the company will be continued only on an administrative basis. The operating divisions have been terminated. The shareholder has promised to support an orderly process until the final liquidation of the company and to maintain the existing profit transfer agreement until that time. Sufficient liquidity will be assured by absorbing the losses incurred under the profit transfer agreement.

5.3 Organizational structure

Due to the different business models of individual SGE Group companies, SGE Group management is carried out locally in the individual segments and a differentiation is made between the segments "Global Banking and Investor Solutions" (SGE's warrant and certificate business), "Financial Services to Corporates and Retail" (ALD LF's lending and leasing business), and "Asset Management" (SGSS).

The Issuer is a wholly owned subsidiary of Société Générale, Paris, a limited liability company under French law (*société anonyme*) (hereinafter also "**Société Générale**") and consequently a part of the SG Group. According to its own appraisal, the SG Group, whose parent company Société Générale is, is one of the leading financial services groups in Europe.

The principal markets in which the SG Group is operating are France, other European Union countries and the United States.

Service level agreements are in place between the Issuer and Société Générale. Within the scope of these service level agreements the Issuer has access to resources of Société Générale, Frankfurt am Main branch, and/or Société Générale, Paris. The Issuer is dependent on Société Générale.

5.4 Management and company representatives

The managing directors of Société Générale Effekten GmbH are currently Mr. Helmut Hoefer, Frankfurt am Main, and Mr. Timo Felix Zapf, Frankfurt am Main.

Mr. Andreas Thomas was relieved of his position as Managing Director of Société Générale Effekten GmbH with effect as of 31 March 2024. In addition, Mr. Christian Sagerer was appointed as Managing Director of Société Générale Effekten GmbH with effect as of 1 April 2024 and was relieved of that position as of 25 April 2024.

The managing directors of Société Générale Effekten GmbH can be contacted at Société Générale, Frankfurt am Main branch, Neue Mainzer Straße 46–50, 60311 Frankfurt am Main.

The Company is represented jointly by two managing directors or by one managing director together with an authorized signatory.

The articles of association do not contain any provisions on the appointment of a supervisory board. No supervisory board existed during the past financial year.

Provided that the above mentioned persons perform any activities out of the range of the scope of the Issuers activities, these activities are not relevant for the Issuer.

There are no potential conflicts of interest between the obligations of the managing directors in respect of Société Générale Effekten GmbH and their private interests and other obligations.

The issuer as a capital market-oriented company according to Sec. 264d HGB (German Commercial Code (Handelsgesetzbuch, "HGB")) has established an audit committee according to Sec. 324 HGB. As at the date of this Registration Document the audit committee consists of the following members:

Mr. Kais Adsi
Mr. Peter Boesenberg (chair)
Ms. Heike Hoevekamp
Mr. Marco Maibaum
Mr. Adrian Mrosek

Mr. Christian Sagerer (as of 1 April 2024)
Mr. Timo Felix Zapf

The Audit Committee regularly deals with the development of the SGE Group's financial position, financial performance and cash flows. As part of the process of preparing the consolidated financial statements, the shareholders must approve the consolidated financial statements. In order to fulfill these duties, the financial statement documents are made available to the Audit Committee. The members of the Audit Committee also receive a summary report on SGE's issuing activities and its accounting once every quarter.

5.5 Significant court or arbitration proceedings

Any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the issuer is aware), during a period covering at least the previous 12 months which may have, or have had in the recent past, significant effects on the Issuer and/or SGE Group's financial position or profitability, do not exist or have not existed.

5.6 Financial Information of the Issuer

5.6.1 Historical financial information

The financial information contained in this Registration document is based on the audited consolidated financial statements of Société Générale Effekten GmbH prepared in accordance with the IFRS reporting standards for the financial year 2023, the audited consolidated financial statements of Société Générale Effekten GmbH prepared in accordance with the IFRS reporting standards for the financial year 2023 and the annual financial statement of Société Générale Effekten GmbH prepared in accordance with the HGB reporting standards for the financial year 2022.

The audited consolidated financial statements of Société Générale Effekten GmbH for the financial years 2023 and 2022 and the audited annual financial statements of Société Générale Effekten GmbH for the fiscal year 2023 are incorporated by reference into this Registration Document (see "6 INFORMATION INCORPORATED BY REFERENCE" below).

5.6.2 Audit of the financial information

The consolidated financial statements of Société Générale Effekten GmbH, Frankfurt am Main for the financial year 2023 and 2022 have been audited by Deloitte GmbH Wirtschaftsprüfungsgesellschaft in accordance with the IFRS reporting standards, and an unqualified audit opinion has been issued thereon. The annual financial statements of Société Générale Effekten GmbH for the financial year 2023 have been audited by Deloitte GmbH Wirtschaftsprüfungsgesellschaft in accordance with the HGB reporting standards and an unqualified audit opinion has been issued thereon.

5.7 Significant changes in the financial position of the SGE Group

There has been no significant change in the financial position of the SGE Group since 31 December 2023.

5.8 Trend information

The German economy slid into recession in 2023 as full-year GDP contracted by 0.3%. The main causes afflicting the German economy were the coronavirus crisis, Russia's invasion of Ukraine, the high level of inflation, unfavorable financing conditions, weak demand in Germany and abroad, and the Middle East conflict.¹

¹ Hamburg Institute of International Economics (December 2023): Economic Forecast Germany Winter 2023. https://www.hwwi.org/wp-content/uploads/2023/12/HWWI_Konjunkturprognose_4_2023.pdf (02/22/2024).

It is expected that economic growth in 2024 will again be adversely affected by weak foreign demand for industrial products, consumer restraint, and higher financing expenses.² The IMF anticipates a full-year economic growth of 0.5%.³

It is difficult to make a statement about the outlook for the 2024 financial year under the current circumstances, especially in view of the Ukraine-Russia conflict, the Middle East conflict and high inflation. Overall, the management expects a continued positive development.

5.9 Material changes in the prospects of the Issuer

There has been no material adverse change in the prospects of the Issuer since the date of its last published audited financial statements on 31 December 2023.

5.10 Significant changes in the financial performance of the SGE Group

There has been no significant change in the financial performance of the SGE Group since 31 December 2023.

5.11 Material contracts

With effect from 28 February 2006, Société Générale Effekten GmbH concluded a framework trust agreement with Société Générale, Paris. The trust agreement governs the issue of debt securities in Société Générale Effekten GmbH's name for the account of Société Générale, Paris. Société Générale Effekten GmbH agrees to receive all proceeds from the issue of debt securities and pass them on to Société Générale, Paris. The trust agreement was concluded for a one-year term and will renew itself automatically by one more year unless it has been terminated with 15 days' notice.

Furthermore, Société Générale Effekten GmbH and Société Générale, Paris have entered into an agreement on 1 May 2005 regarding the refunding of the costs incurred by Société Générale Effekten GmbH in connection with its issuing activities. Under the terms of the agreement, Société Générale Effekten GmbH also receives a monthly management fee of 5% of the issue costs.

A profit transfer agreement for an indefinite term has been in effect between Société Générale Effekten GmbH as the subsidiary company and Société Générale S.A., Frankfurt as the parent company since 1 January 2016.

In addition, a profit transfer agreement for an indefinite term has been in effect between Société Générale Effekten GmbH as the parent company and ALD Lease Finanz GmbH as the subsidiary company and Société Générale Securities Services GmbH as the subsidiary company since 1 January 2017.

5.12 Documents available for inspection

The documents named in this registration document relating to Société Générale Effekten GmbH and intended for publication are available for inspection at Société Générale, Frankfurt am Main branch, Neue Mainzer Straße 46–50, 60311 Frankfurt am Main, during normal office hours.
